

Students Speaking Up

As the students came out to watch what the park develop, there were several activities for their enjoyment!

The first NASCAR themed park in the Inland Empire.

On the morning of August 30, 2007 KaBOOM, Home Depot, California Speed Way, the Inland Empire United Way and the City of Fontana all came together to renovate North Tamarind Park. The project was developed in response to a number of letters the Major and City Council received from the students of North Tamarind Elementary School, requesting renovations be done at the park. Over 350 Volunteers worked hard renovating the park and constructing a new playground. Remarkably the renovations were completed in 6 hours. The grand opening of the NASCAR themed park was attended by several members of the City Council. Mayor Pro Tem Frank Scialdone cut the orange 1' by 6' board, to officially introduce the new amenities.

.....
Dedicated volunteers, assembling structures, installing new sod and painting the parks gazebo.
