## ***The Budget Documents***

Each year, the Management Services Department coordinates the preparation of four key budget documents:

1. Operating Budget - Summary
2. Operating Budget - Detail
3. Seven-Year Capital Improvement Program
4. City-Wide Cost Allocation Plan

The information contained in these documents is the end product of a thorough financial review performed through the combined efforts of City staff. Subsequent pages include a description of the budget documents and a summary of their intended use:

### ***Operating Budget - Summary***

This document provides information summarized at the division level. Divisional budgets consolidate program activities into similar service categories within a fund with the intent of reducing the cumbersome nature of a program based budget document. Every effort has been made to present the budget document in a "User Friendly" format. Increased emphasis has been placed on text, trends and written explanations. The summary document is divided into the following sections:

- Introduction
- City Information
- Budget Guide
- Budget Summary
- Fund Balance
- Revenues
- Expenditures
- Transfers
- CIP Overview
- Departmental Summaries
- Fire Protection District
- Housing Authority
- Community Foundation
- Appendices

## ***Introduction***

Includes the City Manager's Transmittal Letter, budget awards, the City Council's top priorities, goals and objectives and the budget guidelines by which these budget documents were developed.

## ***City Information***

Provides information relative to Fontana including the City-wide organization chart, City Council's Vision Statement, profiles of the elected officials and the City Manager, and community profile.

## ***Budget Guide***

Contains an explanation of the organization of the budget documents, the budget development process and the budget calendar.

## ***Budget Summary***

Provides an overview of the operating budget for all entities, an overview of the General Fund budget, discusses budget assumptions and financial issues the City faces in the future, and provides a five-year financial forecast for the General Fund.

## ***Fund Balance***

Provides a five-year summary of the General Fund's Fund Balance, a summary of beginning and projected year-end fund balances for each fund including all entities, and a summary of changes in fund balance of greater than 10%.

## ***Revenues***

Provides a chart and summary of General Fund revenues by category as well as an explanation of each category. It also includes charts identifying revenue for all entities by entity and by category, and revenue summaries and details for all funds.

## ***Expenditures***

Provides a chart and summary of General Fund expenditures by department and by category, as well as an explanation of each category. It also includes charts identifying expenditures for all entities by entity and by category, an expenditure summary for all entities, and expenditure summaries for all funds.

## ***Transfers***

Provides the schedule of operating transfers between funds for all entities.

## ***CIP Overview***

Provides an overview of the Capital Improvement Program (CIP) including proposed new year funding by category and funding source, as well as a summary of all projects included in the program.

## **Departmental Summaries**

Contain budget information by department including an organization chart, overview, goals and performance measures and accomplishments. It also provides a departmental summary of expenditures and division summaries by fund.

### **Fire Protection District**

Provides summary budget information for the Fontana Fire Protection District.

### **Housing Authority**

Provides summary budget information for the Fontana Housing Authority.

### **Community Foundation**

Provides summary budget information for the Fontana Community Foundation.

## **Appendices**

Includes the following:

- Financial Structure
- Financial Policies
- Long-Term Debt
- Constitutional Spending Limit
- Employee Compensation and Benefits
- Ten-Year History of Authorized Positions by Department
- Guide to Funds
- Legislative Summary
- Acronyms
- Glossary
- Resolutions

## **Operating Budget - Detail**

The Operating Budget Detail provides a separate line item, object code detail for the operating budget. The Operating Budget Detail is the City's "Book of Numbers." Expenditures within each divisional category are detailed with descriptions. Budgets are broken down to the program level and are listed in account number order. Historical information is prepared at a detailed object code level for comparison purposes. Cost data within this document is presented by fund, by department and by division if there are multiple divisions.

## **Seven-Year Capital Improvement Program**

The Seven-Year Capital Improvement Program (CIP) Budget is a separate document that is annually brought to the City Council for consideration. This document matches funding sources with capital expenditures over a seven-year schedule. The relationship between the CIP and the operating budget is described in detail on subsequent pages of this document.

Within the CIP document, projects have been separated into the following project priorities:

**Priority 1:** The project is **essential** and should be started within the year.

**Priority 2:** The project is **necessary** and should be started within 1 to 3 years.

**Priority 3:** The project is **desirable** and should be started within 3 to 5 years.

**Priority 4:** The project is **deferrable** due to lack of funding or other reasons and is scheduled to start within 5 to 10 years.

All **Priority 1 projects** have a "**Project Description Form**" included in the CIP by category. These forms include detail information on the description, purpose, status and breakdown of these projects.

Each project in the CIP has been assigned a unique identification number that will remain with the project throughout its life. The project identification number allows the City Council to track and monitor project status over multi-year periods and a cross-reference index has been included in the appendix of the CIP document to simplify identification of the status of projects included in prior CIP documents. Prior to City Council's consideration of the CIP, the document has been provided to both the Planning Commission and Parks and Recreation Commission for comments.

## **City-Wide Cost Allocation Plan**

The City-Wide Cost Allocation Plan (CAP) is prepared approximately 90 days following the issuance of the City's Comprehensive Annual Financial Report (CAFR). A Cost Allocation Plan is a widely recognized and well-used method of distributing administrative overhead "support" costs to the benefiting programs within the City. The City Council adopted its first CAP on March 17, 1992. That plan established the method of allocating indirect or support costs. The CAP is updated each year based upon the actual financial and statistical data for the prior year and conforms to the Federal Government's Office of Management and Budget Circular A-87.

## ***Budget Development Process***

In preparing the annual budget, several key meetings were held and documents produced that significantly affected its development. The following is a description of each of these along with a calendar of key dates in the preparation process.

### ***Budget "Kick Off"***

The Management Services department is responsible for preparing the budget documents. The process begins in January with the budget "kick-off" meeting and opening of the on-line budget system to departments.

### ***Goal Setting Workshop***

The City's budget process is driven by the City Council's goal setting. The goal-setting workshop was held on February 1, 2014, where the City Manager reviewed major issues and the current budget outlook. A number of goals were identified and prioritized by the City Council.

Following the goal-setting workshop, staff prepared detailed work plans to achieve the goals which addressed the following:

- **Title.** Title for the project.
- **Description.** What do we want to achieve?
- **Justification.** Why is this important to do?
- **Outcome.** What will be the end result?
- **Lead Sponsor Department.** Which department will take the lead?
- **Project Budget and Funding Sources.** What is the cost and source of funding?
- **Project Manager.** Who is responsible for assuring that the objective is achieved?
- **Target Completion Date.** When will project be completed?
- **Council Priority.** Rating from goal-setting workshop.
- **Goals and Objectives.** Which of City Council's Goals and Objectives will be met?

### ***Mid-Year Budget Review***

On February 25, 2014, the City Council was provided with a detailed update and review of the City's financial condition at the mid-point of 2013-14 along with year-end fund balance projections. Additionally, the City Council adopted budget development guidelines for use in preparing the 2014-15 budget. Those guidelines are included in the Introduction section.

## ***Budget Projections and Requests***

Departments enter revenue projections and expenditure requests, with the exception of personnel, directly into the budget system in the "Requested Base" column. The Management Services Department calculates and provides to each department personnel costs and General Fund operating target numbers. Departments identify which Budget Units should be charged for the personnel costs by position number. Departments are required to enter operating expenditures equal to or less than their target numbers. Requests for new funding are entered into the budget system in the "Requested New" column with specific documentation provided to Management Services.

Before requests are submitted to the City Manager, the Management Services Department reviews and analyzes all supporting documentation. The City Manager and Management Services staff then holds meetings with each department and/or organization to discuss the budget requests and obtain additional information if necessary. Following these meetings, line item requests are adjusted in accordance with the City Manager's funding decisions. The Proposed Budget is then presented to the City Council for consideration and approval. Changes made by the City Council during the budget deliberation process will be incorporated into the adopted budget.

## ***Budget Policies***

Budgetary control is set at the department level by fund to ensure compliance with the budget as approved by the City Council. The City's budget policy requires the following:

- All appropriations lapse at fiscal year end. Outstanding encumbrance balances at fiscal year end require re-approval by the City Council, typically as part of the First Quarter Budget Review.
- City Council approval for all new appropriations and increases to estimated revenues.
- City Council approval for budgetary changes between funds.
- City Manager approval for project changes within the same fund.
- Departments may transfer budget between divisions in the same department and fund.
- Budget Reviews to be prepared on a quarterly basis and submitted to City Council for approval.

## ***CIP Review by Planning and Parks & Community Services Commissions***

The Parks and Community Services Commission reviewed the Open Space and Recreation elements of the proposed CIP on April 24, 2014.

The Planning Commission reviewed the proposed CIP on May 6, 2014, for consistency with the General Plan.
