

Environmental Justice

APPENDIX SIX

Fontana Forward

General Plan Update
2015 - 2035

Appendix Six
Environmental Justice

CITY OF FONTANA, CALIFORNIA | 2018

Environmental Justice

Senate Bill 1000 was adopted June 24, 2016 and requires inclusion of Environmental Justice principles in updated General Plans beginning January 1, 2018. This Bill requires both cities and counties that have disadvantaged communities to incorporate Environmental Justice policies into their general plans, either in a separate Environmental Justice element or by integrating related goals, policies, and objectives throughout the other elements. The updated State General Plan Guidelines included a chapter on Environmental Justice based on the requirements of SB 1000 that provides guidance to agencies implementing the new Environmental Justice requirements during the updating of General Plans. The City followed the guidance provided in the General Plan Guidelines and California Government Code 65302(h)(1) and incorporated environmental justice policies into the updated General Plans by integrating related goals, policies, and objectives throughout other elements.

Environmental Justice as defined by California Government Code Section 65040.12(e) "means the fair treatment of people of all races, cultures, and incomes with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies."

Because the City of Fontana contains multiple disadvantaged communities as defined by SB 1000, the City of Fontana has incorporated environmental justice principles as part of its General Plan Update process not only in the written text of the General Plan Update but also during the planning process by engaging the community in a series of public meetings, workshops, social media campaigns, project website, neighborhood open houses, a public opinion survey, and a Visioning Forum. Environmental justice background related to population, demographics, household makeup, household median income, education and existing zoning are identified in the General Plan Update Background Report, which is an integral part of the plan, and Environmental Justice goals, policies, and actions are contained in several General Plan Elements as provided for in SB 1000 and illustrated below.

ENVIRONMENTAL JUSTICE ISSUES	
GOVERNMENT CODE SECTION 65302(H)(1) ENVIRONMENTAL JUSTICE ISSUES	WHERE ENVIRONMENTAL JUSTICE ISSUES ADDRESSED IN FONTANA GENERAL PLAN CHAPTER / ELEMENT
(A) Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by means that include, but are not limited to, the reduction of pollution exposure, including the improvement of air quality, and the promotion of public facilities, food access, safe and sanitary homes, and physical activity.	6. Health and Wellness
(B) Identify objectives and policies to promote civil engagement in the public decision making process.	3. Engaging the Fontana Community 16. Stewardship And Implementation
(C) Identify objectives and policies that prioritize improvements and programs that address the needs of disadvantaged communities.	4. Community and Neighborhoods 5. Housing 7. Open Space, Conservation, Parks and Trails 8. Downtown Area Plan 15. Land Use, Zoning, and Urban Design

During the development process for the updated General Plan the City in partnership with City residents during fall 2015 and winter 2016 developed a vision statement and principles to apply to the outcome of the General Plan updating process. The Fontana Forward Vision and Principles below are in alignment with Environmental Justice principles as described in SB 1000 and the State General Plan Guidelines and help to support the environmental justice goals, policies, and actions found in the updated General Plan.

Fontana's Vision and Principles

Developing a vision statement is an essential early step in creating and updating a General Plan. Vision statements focus attention on a community's values, sense of identity, and aspirations. The Vision and Principles developed by Fontanans during fall 2015 and winter 2016 express the high expectations that they have for the future. The vision statement tells a story and paints a picture of an ideal future in 2035. Fontanans decided what they want to preserve and what they want to change, articulated their desires and hopes, developed a consensus on an ideal future, and committed themselves to working toward that ideal. The Fontana Forward Vision represents the guiding image for the community as it faces the future.

Fontana's Vision for the Future

In 2035...

Fontana is the Inland Empire's opportunity city. With welcoming neighborhoods, diverse job opportunities and housing choices, excellent parks, and a lively downtown, we are prosperous, safe, healthy, and thriving. Once a pioneer community, an agricultural center, a steeltown, and a bedroom community, Fontana has built its fifth identity as a live-learn-work-play city of opportunity where families, young adults, and older residents can all flourish: Fontana 5.0.

Fontana welcomes everyone and offers a high quality of life. Our housing stock meets the needs of families and individuals at every stage of life and all income levels: in traditional single-family neighborhoods, walkable mixed-use neighborhoods with housing and shops, senior-oriented developments, and a city core that combines revitalized historic neighborhoods with newer townhouses, condos, and apartments. Residents have many in-town options for entertainment and shopping, including locally-owned independent businesses. Excellent school systems and recreational opportunities attract new residents.

Fontana embraces lifelong learning. Our community promotes and supports educational achievement to create a highly qualified work force for 21st-century jobs. Working with our public and private schools and educators, our civic partnership of government, business, nonprofits, human services organizations, and faith-based organizations has made Fontana a leader in educational achievement.

Our diversified economy has good jobs for Fontana residents, so they can work where they live. We partner with major employers to connect the community to local jobs and encourage employees to live in Fontana. Our business-friendly policies help small businesses and start-ups thrive. Our location on three interstate highways, freight and commuter rail lines, and public transit helps Fontana attract new businesses while continuing to support our health care, services, manufacturing, and logistics industries.

Our system of parks and natural open spaces, community centers, and recreational opportunities is second to none in the Inland Empire. Residents throughout the city have easy access to state-of-the-art facilities and a broad array of athletic and recreational activities in well-maintained parks, as well as trails for nature recreation in protected open spaces. Our park system is fully connected by a network of safe and attractive walking and biking routes for children, youth, and older residents.

Our revitalized downtown is a neighborhood, an arts, culture and entertainment center, and a walkable district of shopping and services. Downtown's renaissance is anchored by new and existing residents who want to live in a walkable center close to amenities, activities, and transportation options.

We take advantage of more transportation choices. We can walk and bike to nearby parks, schools, and stores; use transit and ride sharing; and drive longer distances as needed. Safe, convenient, and comfortable transportation choices connect us to community destinations and contribute to physical health, access to jobs and activities, and better air quality.

We have become one of the healthiest and most sustainable cities in San Bernardino County. We have taken many steps to improve our health indicators, which meet and increasingly surpass state averages. Our local infrastructure is resource-efficient and well-maintained. We work with our water and energy providers to establish the highest possible levels of resource conservation and energy-efficiency.

Fontana 5.0 is a complete and flourishing community of opportunity— with excellent quality of life and city services, high educational achievement and jobs for Fontana residents, transportation choices to connect city destinations, and local entertainment centers. Fontana's opportunities attract new residents, support successful businesses, and encourage empty nesters to stay and their children to settle in their home town.

Principles to Guide the General Plan and Its Implementation

Pursue high-quality development by making public investments a model of excellent design, and maintain high-quality design standards for new development.

Connect people and places by providing safe and efficient transportation choices, including pedestrian, bicycle, and transit opportunities, along with well-maintained streets, to connect people to city destinations.

Make healthy lifestyles easy and fun by creating policies and physical conditions that promote healthy lifestyles through easy access to physical activity, healthy food, and medical care.

Pursue sustainability and resilience by making resource-efficient choices to conserve water, energy, and materials, improve air quality, and adjust to changing conditions.

Ensure fairness and opportunity for all parts of the city by making every neighborhood a “neighborhood of choice” with excellent infrastructure, services and amenities.

Establish cost-effective best practices and systems to support ongoing city services and infrastructure.

Support business growth and entrepreneurship while protecting environmental resources and quality of life.

Promote transparency through civic engagement to inform the community about the conditions, options, and opportunities to participate in decision making.

Pursue goals through partnerships connecting city government with businesses, institutions, regional agencies, nonprofits, and citizens to accomplish goals.

Prepare students for good jobs by establishing a citywide focus on educational achievement to create a skilled and well-educated workforce.

A. Incorporation of Environmental Justice Principles into the Planning Process

In order to implement the requirements of SB 1000 and incorporate the principles of Environmental Justice in the updated General Plan the City completed the following tasks:

1. Determination of the presence and location of disadvantaged communities

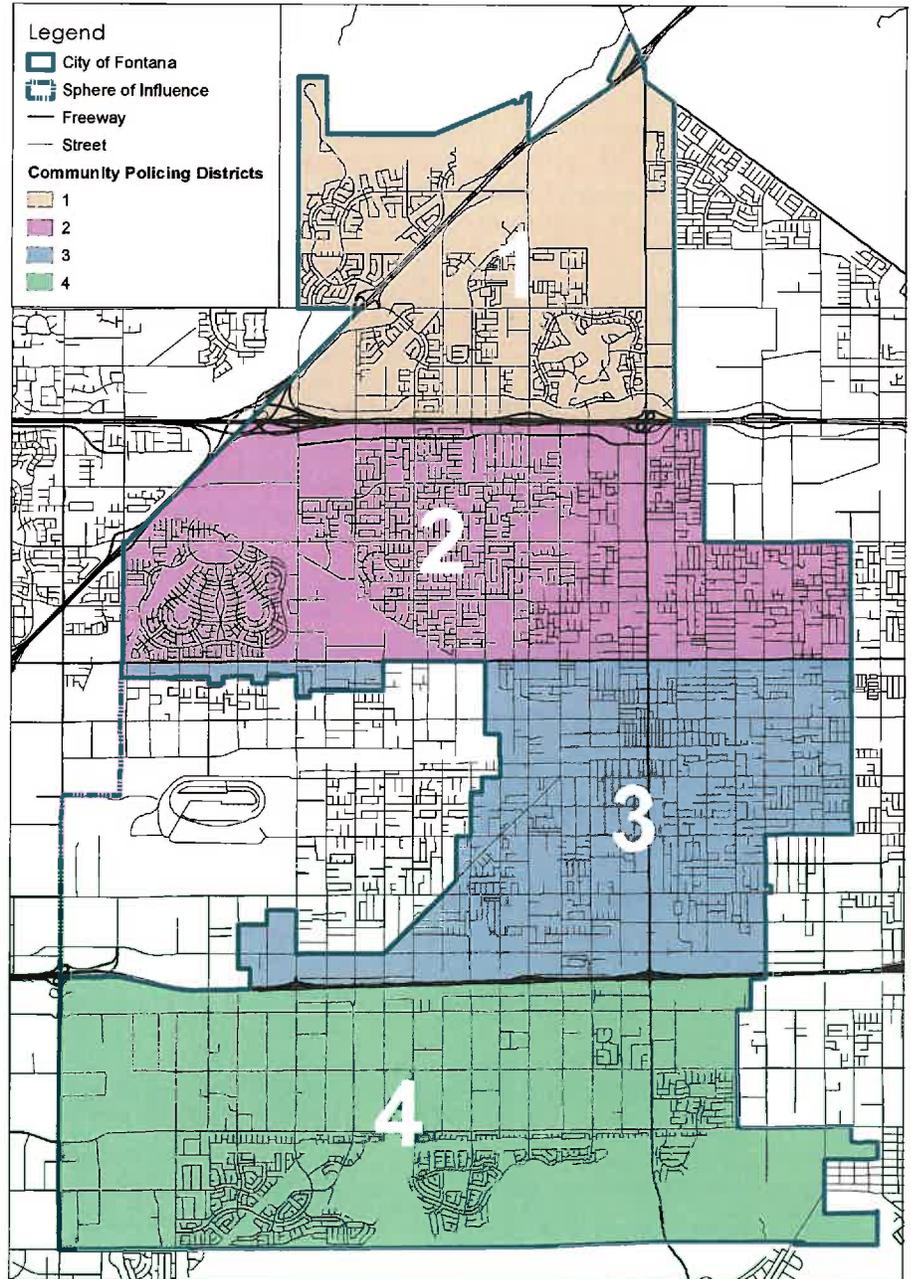

To determine the presence and location of disadvantaged communities, the City first determined where “low-income areas” existed as defined by SB 1000 as “an area with household incomes at or below 80 percent of the statewide median income or with household incomes at or below the threshold designated as low income by the Department of Housing and Community Development’s list of state income limits adopted pursuant to Section 50093.” In the Background Report to the General Plan (Background Report), which is an integral part of the plan even though presented as an appendix, the City analyzed four distinct planning districts throughout the City as well as the Central Sphere of Influence to identify characteristics related to population, demographics, household makeup, household median income, education, land uses, and existing zoning. Pertinent sections of the Background report are repeated here to provide the relevant information related to identification of disadvantaged communities.

“Disadvantaged communities” means an area identified by the California Environmental Protection Agency pursuant to Section 39711 of the Health and Safety Code or an area that is a low-income area that is disproportionately affected by environmental pollution and other hazards that can lead to negative health effects, exposure, or environmental degradation.”

Community Areas/Planning Districts

The police department community policing program divides Fontana into four areas, which are used to determine disadvantaged communities and community outreach zones.

- Area 1** (all areas north of the 210 freeway) is characterized by inward-focused planned communities and otherwise vacant and fallow land. To the north, the topography becomes hilly and transitions into open space with sparse estates. This area has the newest development and the highest median income and adult educational attainment in the city.
- Area 2** (from the 210 freeway south to Foothill) has a mix of the planned communities found in Area 1 and the more traditional street grid of downtown found in Area 3. There are few vacant parcels in this area.
- Area 3** (between Foothill and the 10 freeway) has a rectilinear street grid pattern that contains the downtown core, the civic campus, and some industrial uses to the west near the Sphere of Influence. Area 3 has neighborhoods with the highest residential density in the city. As the oldest part of the city, with the most multifamily housing, Area 3 has the lowest median income and adult educational achievement levels.
- Area 4** (all areas south of the 10 freeway) contains remnants of Fontana's agricultural past, a significant industrial sector, and planned communities on the edge of the Jurupa Hills.

The City further analyzed where “low-income areas” existed within its borders as described in Chapter 5 Prosperity and Opportunity of the Background Report. The City identified the median household income in the \$60,000 to \$65,000 range, slightly above the state median income. Using these criteria the City identified areas at or below \$50,000 as low-income areas as indicated on the map on page 15.

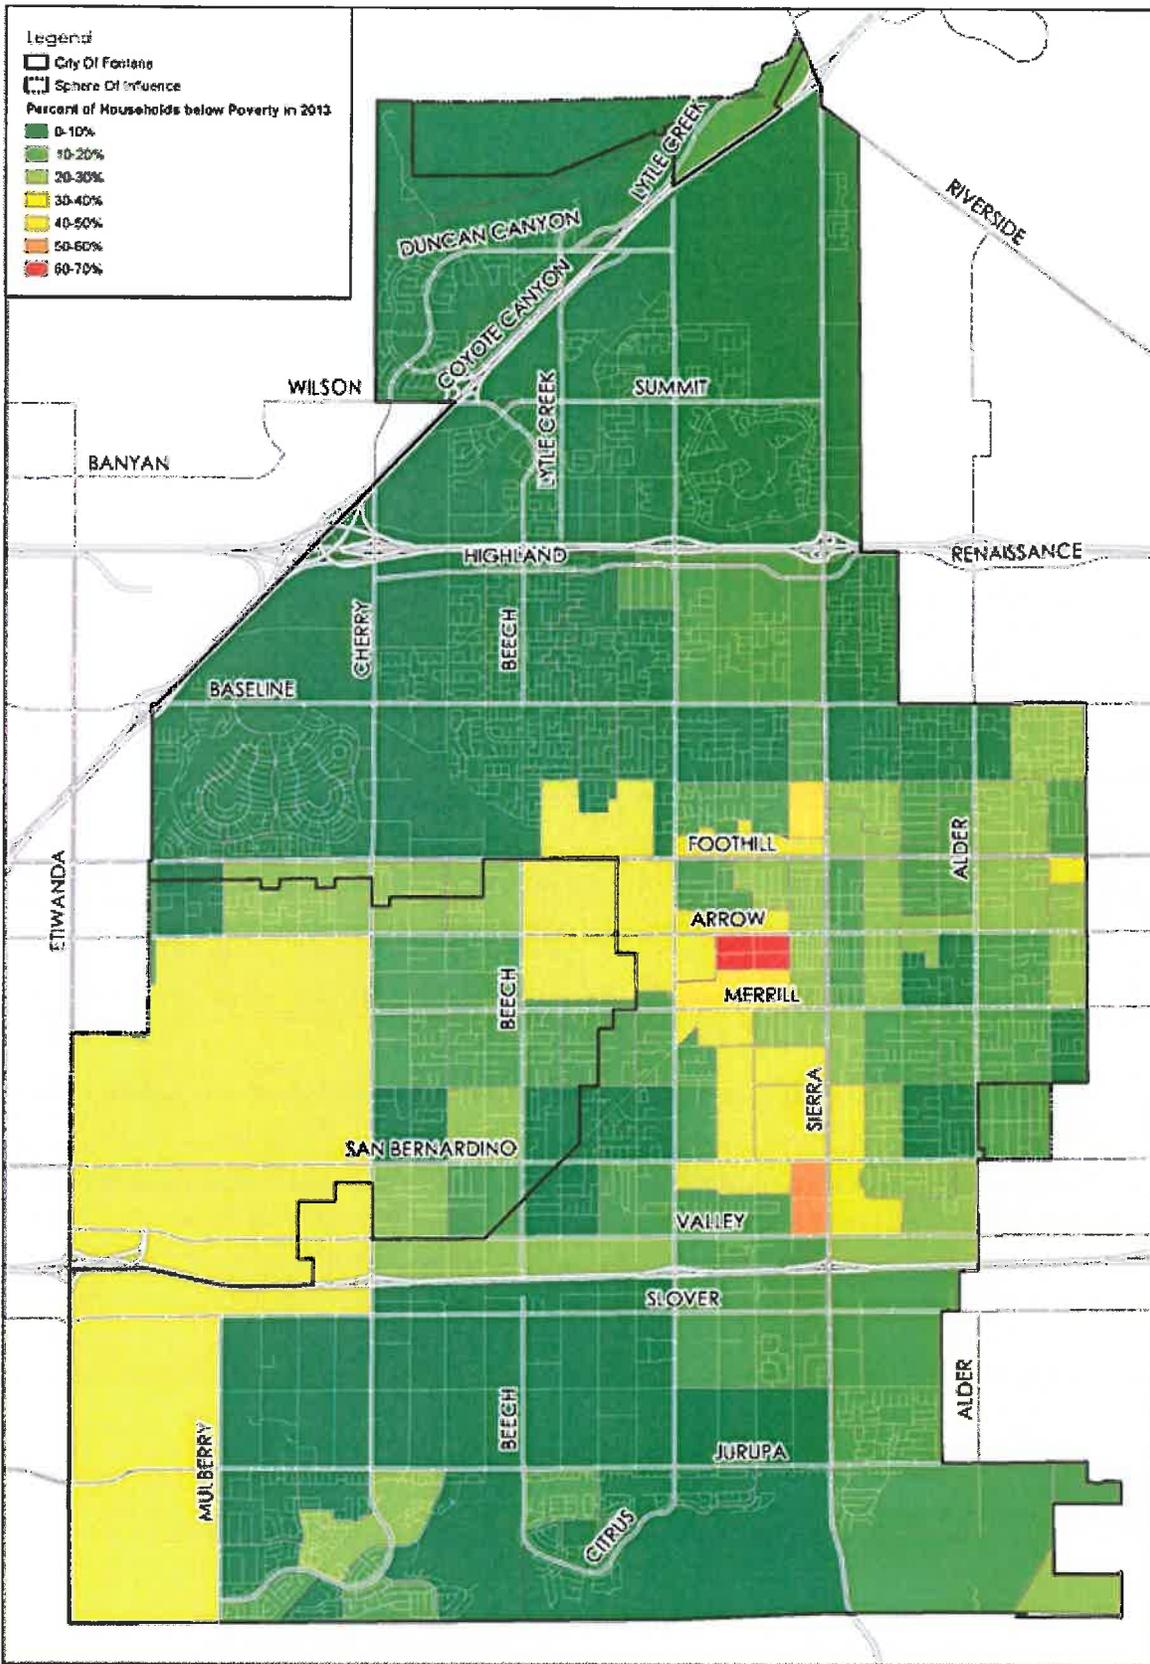

The City also determined that 16% of all residents live in poverty within the City, the same percentage as the state, but lower than the poverty rate of San Bernardino County at 18.7%. As a result of this analysis and illustrated in the Poverty Map on page 16. The City identified Central Fontana and the Central Sphere of Influence as two of the disadvantaged communities based on the percentage of households living below the poverty line. Central Fontana and the Central Sphere of Influence had an average of 55% of households living below the poverty line. These statistics were based on the 2013 U.S. Census American Community Survey estimates.

The City further analyzed where disadvantaged communities are located based on the SB 1000 standard of areas with household incomes at or below 80% of the statewide median income. These areas are depicted on the map on page 17.

2. Determination of where disproportionate pollution burdens are located with respect to disadvantaged communities.

The City analyzed health and wellness issues as part of its effort to identify communities that were disproportionately impacted by certain health conditions, as described in Chapter 4 of the Background Report. The table on page 19 provides health data by ZIP code and includes comparisons to the City as a whole, the county, and the state. The data comes from the Ask CHIS Neighborhood Edition, which provides health estimates at the local level through the California Health Interview Survey (CHIS) and the UCLA Center for Health Policy Research. Fontana health conditions that indicate worse outcomes than in San Bernardino County and California as a whole include child asthma; adult diabetes; adult food insecurity; fair or poor health in both children and adults; adult obesity; and overweight in children and teens. In general, health conditions are worse in central Fontana than in the north or the south. The northern part of Fontana tends to be more affluent, and health status is often tied to income levels. However, the data on page 19 indicates that this may not always be the case. For example, reported adult diabetes levels are lower in central Fontana than in the northern and southern parts of the city. This could also result from under diagnosis because of less access to health care in Central Fontana and the City's Central Sphere of Influence.

The City mapped and evaluated potential sources of localized pollution by identifying the location of light and heavy industrial land uses. As indicated on the Current Land Use map on page 21, industrialized land uses tend to be concentrated in the southwestern and a portion of the southeastern areas within the City. Commercial land uses tend to be located along Sierra Avenue and Foothill Boulevard in the central portion of the City.

The City also evaluated traffic volumes as a surrogate measure of excess pollution burden on disadvantaged communities due to the localized health effects from automobile and truck emissions. Traffic volumes are measured in Average Daily Trips and are indicated on the Average Daily Trip (ADT) map below. As shown on the map on page 22, ADT traffic volumes on City streets generally range from 1,000 to 35,000 ADT with the highest volumes occurring on major highways that carry traffic to and from the I-10, I-15, and SR-210 freeways. Sierra Avenue, just north of I-10 (between I-10 and Valley Boulevard) carries the most traffic of any single local roadway segment in the City at approximately 52,000 ADT. Sierra Avenue, Citrus Avenue, Cherry Avenue, and Etiwanda Avenue are the heaviest traveled roadways, and each have segments that carry volumes between 30,000 and 35,000 ADT. North of Valley Boulevard, Sierra Avenue drops to approximately 31,000 ADT. Freeway

COMPARISON OF HEALTH CONDITIONS IN FONTANA, SAN BERNARDINO COUNTY, AND THE STATE OF CALIFORNIA

Working (adults)	53.2%	61.0%	57.5%	57.6%	53.0%	57.0%

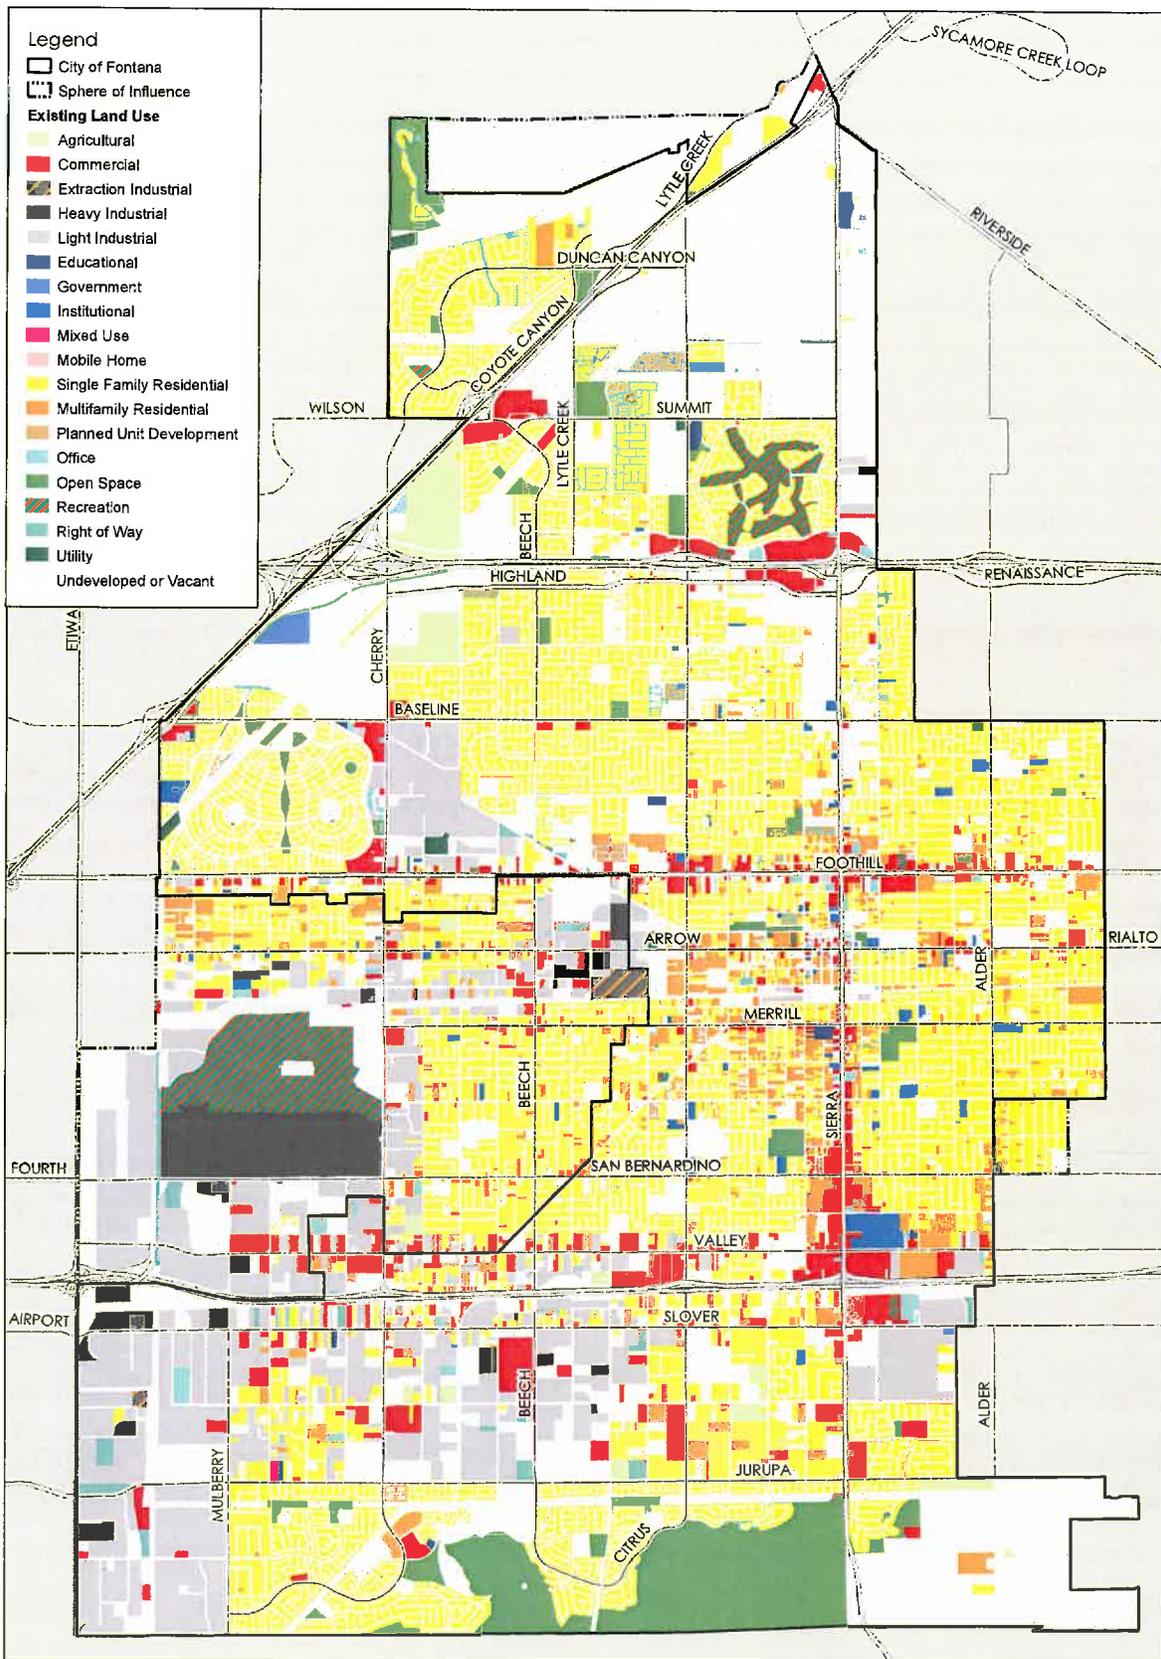

Sources: AskCHIS Neighborhood Edition, launched in 2014. All health estimates in AskCHIS Neighborhood Edition are based on data from the 2011-2012 California Health Interview Survey. All socio-demographic indicators come from the 2008-2012 American Community Survey (ACS) 5 year summary tables. Data retrieved June 30, 2015, at http://askchisne.ucla.edu/ask/_layouts/ne/dashboard.aspx#/

traffic volumes are highest on I-10, which carries over 200,000 ADT through the City and 250,000 ADT in the western portion of the City and the City of Ontario.

A comprehensive database search of businesses that are registered with federal, state, and local agencies that handle hazardous materials or wastes as well as listings of uncontrolled hazardous waste disposal sites in Fontana and the surrounding area (see Environmental Data Resources Fontana Forward Report) was conducted as part of the research to support the Background Report and Environmental Impact Report that evaluated potential environmental impacts from implementation of the General Plan goals, policies, and actions. No hazardous waste treatment or disposal facilities, uncontrolled hazardous waste sites, or solid waste handling facilities are located in Fontana. Business that handle hazardous materials or wastes are located throughout the commercial and industrial areas of Fontana and there is no concentration of these businesses in disadvantaged communities within Fontana.

Based on this information, the City concluded that the areas of concern for disadvantaged communities that could be experiencing disproportionate pollution burdens are located in Central Fontana, and immediately north of Interstate 10. This is due to the concentration of commercial land uses and high traffic volumes on Sierra Avenue which results in localized concentrations of air pollutants and the emission of air pollutants from vehicles traveling on this interstate highway.

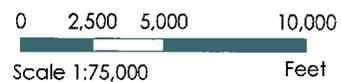

The City consulted the California Office of Environmental Health Hazard Assessment (OEHHA) CalEnviroScreen website to compare the results of the City's determination of disadvantaged communities excessively burdened by pollution. The maps available on the CalEnviroScreen Website support the City's determination that Central Fontana, the Central Sphere of Influence, and the area immediately north of Interstate 10 are locations where disadvantaged communities with excessive pollution burden are located. The map on page 23 shows the results of the CalEnviroScreen scoring of disadvantaged communities with excess pollution burden in Fontana.

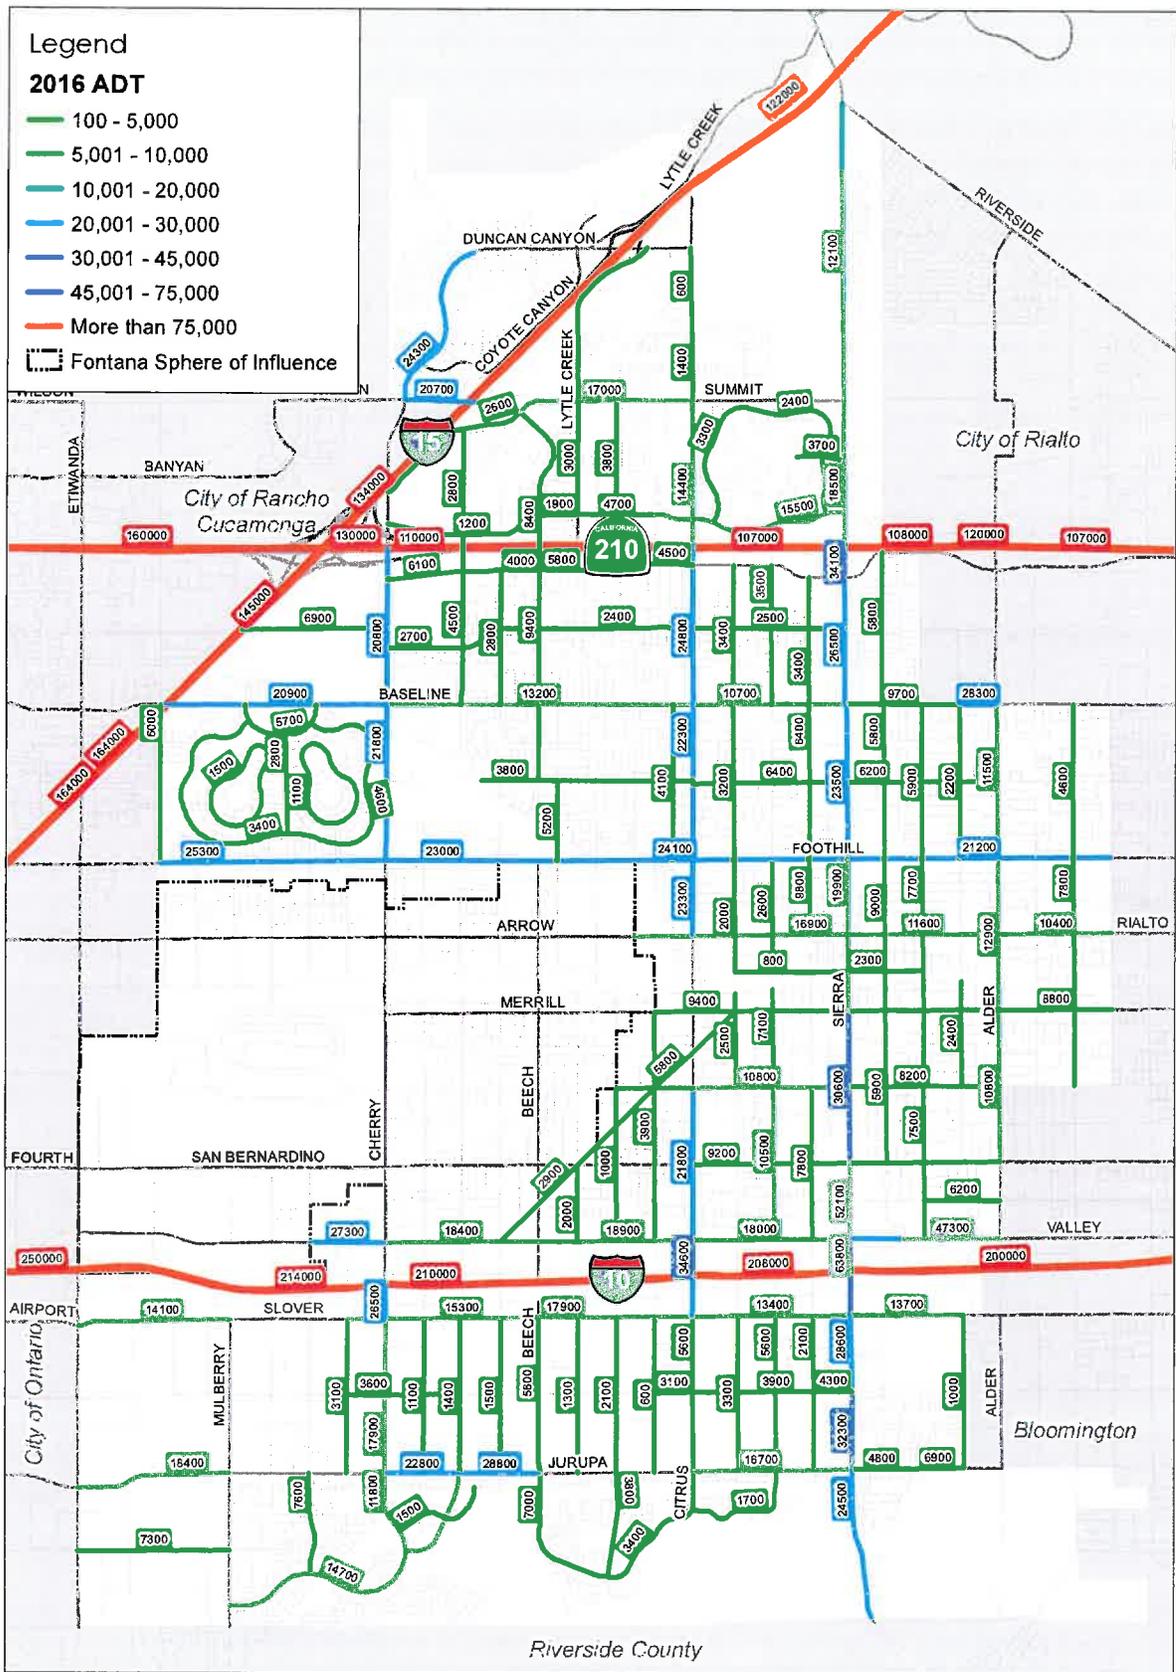

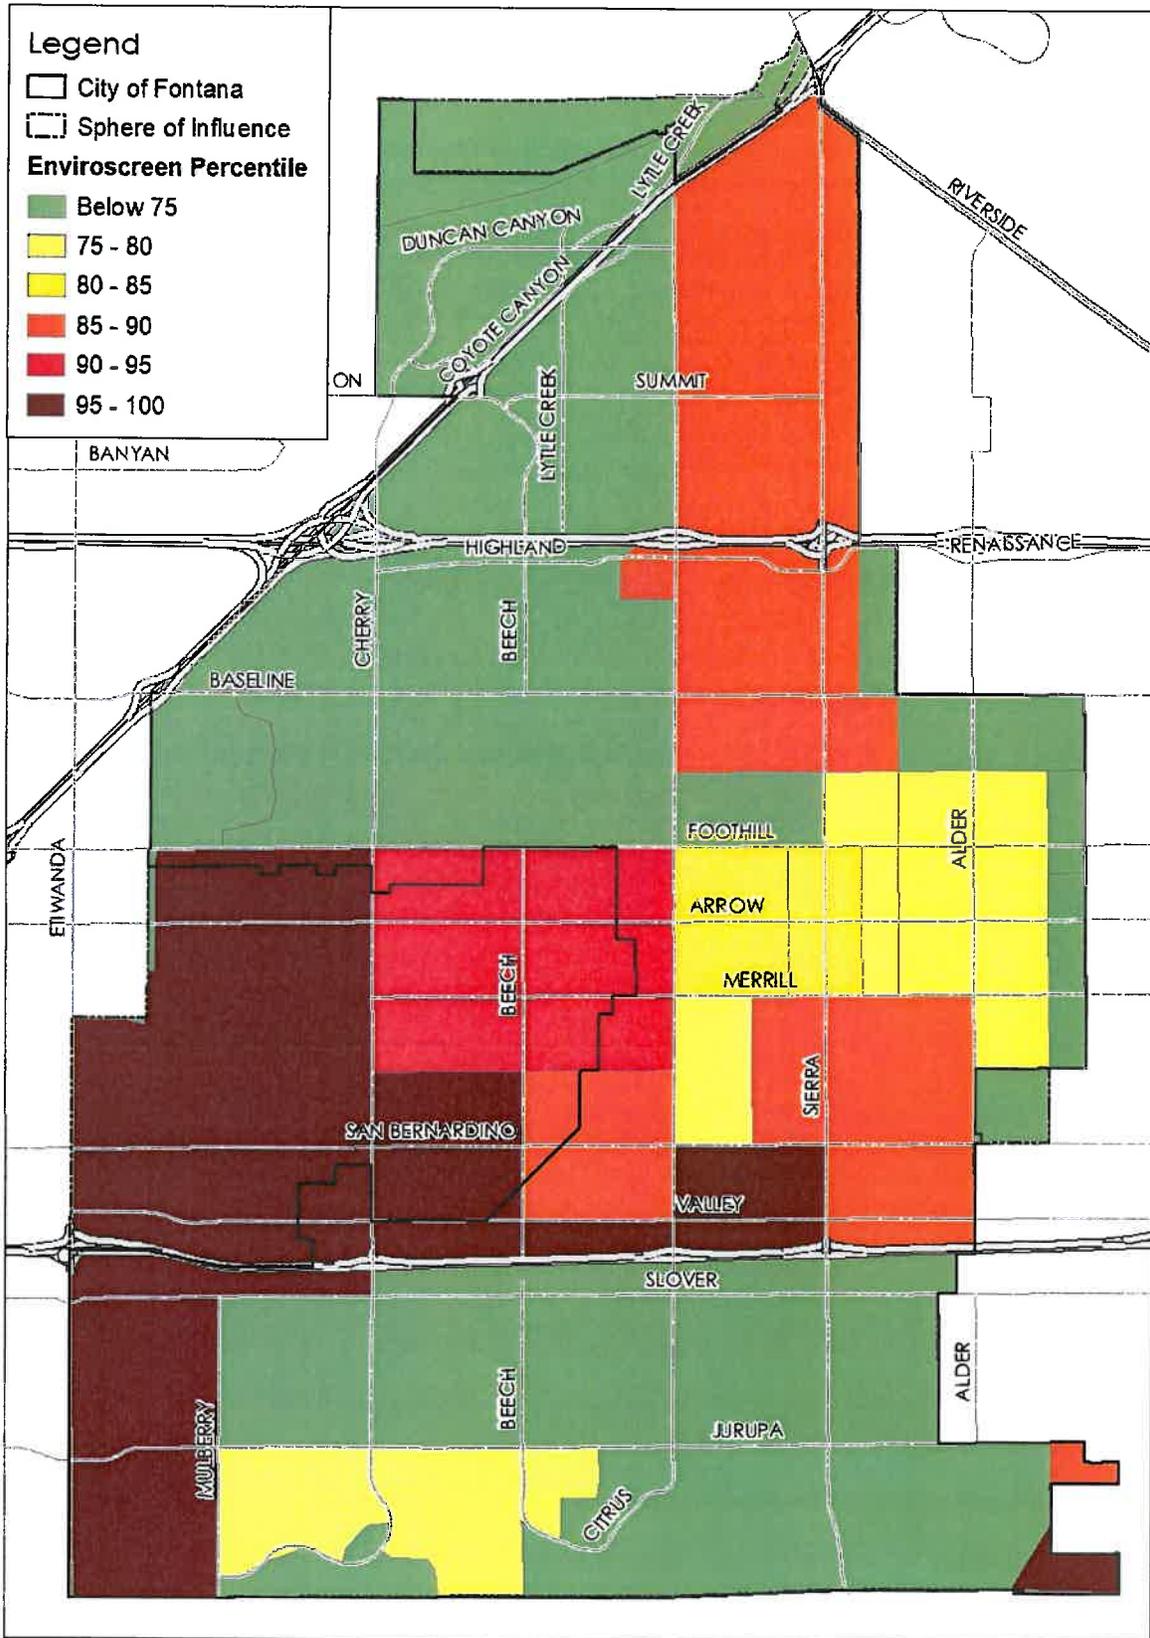

Current Land Use

April, 2016

Data source: San Bernardino County, 2015

CalEnviroScreen Score Percentiles
 October 2018
 Data source: CalEnviroScreen 3.0, June 2018

The CalEnviroScreen tool uses a scoring system based on pollution burden and population characteristics. The OEHHA considers the census tracts scoring in the top 25% of census tracts evaluated statewide to be considered as disadvantaged communities.

Note that due to the scale of measurement based on census tracts some anomalies exist with respect to identification of disadvantaged communities. For example, the area north of Foothill Boulevard between Sierra Avenue and Citrus Avenue is classified as a disadvantaged community. This is due to large, sparsely populated census tracts in the area extending east past city limits. The Mid-Valley Landfill in Rialto is a key CalEnviroScreen indicator and inflates the score of this census tract that would otherwise not be scored as a disadvantaged community.

3. Outreach and community involvement opportunities for disadvantaged communities to participate in the planning process.

As described in Chapter 3 of the General Plan Update and summarized in the table below, a community involvement program was implemented during the development of the General Plan Update and multiple public meetings, workshops, and social media campaigns occurred from 2015 to 2018. In addition, a General Plan Advisory Committee was created, a community opinion survey was conducted in English and Spanish, a Visioning Forum held, project website created, neighborhood open houses held, social media outreach (i.e. Facebook, Twitter, and mySidewalk), print and television outreach, e-mail blasts, announcement on the City website, flyers distributed through the school system and at public locations throughout the City, as well as other events occurred throughout the community as listed below that provided the citizens of Fontana with a robust opportunity to provide comment and input to the development of the General Plan Update. The City Council and Planning Commission held joint workshops in 2015, 2016, 2017, and 2018 to provide input and guidance to the General Plan updating process.

Meeting Type	Meeting Date	Discussion Topics
General Plan Advisory Committee	14 meetings from 2015 - 2017	General Plan development
Visioning Forum	October 24, 2015	Vision for the future of Fontana Develop priority elements to be part of the City's 20-year vision and statement of principles
Neighborhood Open Houses	December 7, 8, 9, 2015	Vision for the future of Fontana Develop priority elements to be part of the City's 20-year vision and statement of principles
Health and Wellness Workshop	February 22, 2016	Reviewing more options for a healthier city.
Placemaking and Community Design Workshop	February 25, 2016	Considering new design approaches to attract new investment, especially for the Foothill, Valley, and Sierra corridors.
General Plan Update Environmental Impact Report Notice of Preparation	February 29, 2015 to March 30, 2016	Receive public comment on the scope of the General Plan Update Environmental Impact Report
Fontana as a Complete Community Workshop	March 7, 2016	Can the future bring more and better jobs, stores, entertainment, living, and transportation choices?
Green and Sustainable Fontana Workshop	March 10, 2016	Improving green choices and meeting goals for conservation of water and energy.
General Plan Update Environmental Impact Report Scoping Meeting	March 10, 2016	Receive public comment on the scope of the General Plan Update Environmental Impact Report
Youth Art Show	May 26, 2016	Imagine the City's future through the Fontana Forward Art Contest
Mayor's Round Table Event	August 3, 2016	Official kick-off event for the Downtown Area Plan workshops
Planning Directions Open House	October 29, 2016	General Plan development
Downtown Area Plan Workshops	August 20, 2016 October 15, 2016 December 3, 2016	Downtown Character Economic Development Streetscape and Public Realm Improvements Transportation and Circulation Infill and Development Open Space Parking Organization and Management Planning Process and Regulation
Draft Environmental Impact Report Public Review	June 8, 2018 to July 23, 2018	In accordance with the California Environmental Quality Act the General Plan Update Draft Environmental Impact Report was available for public review and comment
Planning Commission Public Hearing	June 16, 2018	Public meeting on the General Plan Update and Environmental Impact Report
Planning Commission Public Hearing	August 21, 2018	Public meeting on the General Plan Update and Environmental Impact Report

- Fontana Car Show
- Fontana Historical Society Quarterly Meeting
- Fontana Unified School District Board Meeting
- Kiwanis Club Meeting
- Mayor's State of the City Address
- Mayor's Youth Advisory Council Teen Summit

- Sunset on Sierra Event
- Let's Move on the Trail
- Healthy Fontana meeting
- Beech Elementary Resource Fair
- Eat and be Well
- Breakfast with Santa
- Festival of Winter
- Announcement at Fontana Adult School Graduation
- Fair Arts Carnival in Lewis Library

Four public workshops were held in Fontana that provided opportunities for community members to contribute to the General Plan Update planning process in the Areas of Health and Wellness, Placemaking and Community Design, Complete Community, and Green-Sustainable-Resilient Fontana. Of particular interest to Environmental Justice, the Health and Wellness workshop held on February 22, 2016 at the City's Senior Center and attended by approximately 75 community members was focused on raising awareness among the participants about the connection between public health and the built environment, collecting input on preferences for prioritizing health topics to address in the General Plan, and provide an opportunity for community members to interact with each other and the General Plan development team. The feedback received at the meeting was used to set priorities for the General Plan's Health and Wellness Element. The following priorities were identified at the Health and Wellness forum and carried forward into the General Plan Update:

Personal well-being

- Education about healthy lifestyle options
- Healthier school lunch options
- More parks and recreation options
- More safe and convenient walking and biking options
- Expand the Pacific Electric Trail
- Offer more access to nature, more trees, and a greener Fontana
- Break generational poor health cycles

Neighborhoods and Place

- Sidewalks and traffic calming to promote walking
- Community gardens
- Mixed-use walkable districts
- More Safe Routes to Schools projects

PROMOTING PUBLIC SERVICES AND HEALTH

Community

- Expand community fitness options.
- Improve Code Enforcement.
- Organize more community clean-up days.
- Maintain a broad economic base.
- Promote civic engagement.

Learning

- More vocational training and internships
- Provide diverse local jobs at a living wage
- Affordable housing
- Mentorship programs for youth

Following receipt of comments from the California Attorney General Bureau of Environmental Justice on the City's inclusion of Environmental Justice in the General Plan Update, the City prepared this document to provide a summary of the community outreach activities associated with the treatment of Environmental Justice in the General Plan Update. The City distributed this document for public review on October 8, 2018 and held a public meeting with representatives of local Environmental Justice organizations and stakeholders mid-October 2018 to solicit additional feedback on Environmental Justice issues and suggestions for new or improved Environmental Justice goals, policies, or actions for inclusion in the General Plan Update.

4. Development of Goals, Policies, and Actions to Reduce the Disproportionate Pollution Burden on Disadvantaged Communities

The development of goals, policies, and actions to reduce pollution exposure, improve air quality, promote public facilities, improve food access, advance access to housing, and increase physical activity in identified disadvantaged communities—and in other parts of the city where needed—was guided by the required content of an Environmental Justice element as described in Government Code Section 65302(h) as summarized below.

Environmental Justice Required Topics to Address

- **Reduction of Pollution** - Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by reducing pollution exposure, including the improvement of air quality.
- **Promotion of Public Facilities** - Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by promoting public facilities.
- **Promotion of Food Access** - Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by promoting food access.
- **Promotion of Safe and Sanitary Homes** - Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by promoting safe and sanitary homes.
- **Promotion of Physical Activity** - Identify objectives and policies to reduce the unique or compounded health risks in disadvantaged communities by promoting physical activity.
- **Promote Civil Engagement in the Public Decision Making Process** - Identify objectives and policies to identify objectives and policies to promote civil engagement in the public decision making process.
- **Prioritize improvements and programs that address the needs of disadvantaged communities** - Identify objectives and policies to prioritize improvements and programs that address the needs of disadvantaged communities.

The Strategic Policy Map depicted in Exhibit 15.7 in the General Plan Update and associated goals, policies and actions calls for a focus on public investment and programs in Central Fontana, identified as the “i3—Infill + Infrastructure + Interconnection Neighborhoods,” which had received less infrastructure and other investment than the specific plan neighborhoods developed in the 1980s-2000s. Similarly, the Downtown Area Plan includes numerous goals, policies and actions to improve environmental conditions and quality of life in the downtown disadvantaged area. The Plan also extended a continuing city policy of redesignating problematic residential land uses adjacent to Interstate 10 and its pollution burden, as light industrial and commercial or non-residential mixed uses. The Plan directs future industrial uses to the South West Industrial Park and the Interstate 10 corridor. In addition, the Plan’s repeated focus on providing active and alternative transportation modes linked to city destinations and appropriate land uses is intended to reduce vehicle emissions and air pollution in disadvantaged as well as other parts of the city.

The General Plan treats these environmental justice issues, objectives, and policies with the same legal status as with all the other elements within the General Plan. The General Plan’s goals, policies and actions related to Environmental Justice that implement the requirements of Government Code Section 65302(h) have been summarized in the following Environmental Justice Overview Matrix and are cross referenced in the relation to the seven topical categories listed above (i.e., Reduction of Pollution, Promotion of Public Facilities, Promotion of Food Access, Promotion of Safe and Sanitary Homes, Promotion of Physical Activity, Promote Civil Engagement in the Public Decision Making Process, Prioritize improvements and programs that address the needs of disadvantaged communities).

Goal 3 from Chapter 6 of the General Plan Update, Building a Healthier Fontana states that, “The City of Fontana Considers health at all levels of decision making,” and Action E, “Engage and Collaborate with community members and public agencies in the development and implementation of plans and projects that promote health.” Consistent with this General Plan Update Goal and Action, the City will convene an Environmental Justice Working Group and solicit participation from citizens and representatives of the local Environmental Justice stakeholder community and organizations representing Environmental Justice issues and concerns.

B. Fontana General Plan Update Environmental Justice Goals, Policies & Objectives

Note: The state-approved 2014-2021 Housing Element contains a program of implementation actions for the Housing Element and related measures as they pertain to Environmental Justice. Please refer to Appendix Three of the General Plan Update for details.

Government Code Section 65302(h)(1)(A): Identify objectives and policies to reduce the unique and compounded health risks in disadvantaged communities by means that include, but are not limited to, the reduction of pollution exposure, including the improvement of air quality, and the promotion of public facilities, food access, safe and sanitary homes, and physical activity.

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: The City of Fontana considers health at all levels of decision making. (Chapter 6)					
<ul style="list-style-type: none"> Encourage the incorporation of health initiatives and improvements in health conditions as goals in all City policies, programs, procedures, and actions. Improve health for all residents by incorporating a "Health in All Policies" (HiAP) framework into policies, programs, and practices affecting all aspects of the built environment. 	A. Incorporate health as a goal in all policies, programs, procedures, and actions by working across departments and agencies to ensure that City actions support improved health outcomes.	Healthy Fontana—Community Services Department	Short term and ongoing	Staff time	Promote physical activity
	B. Identify and address health inequities in Fontana on a regular basis and share the outcomes with City policy makers and staff on a regular basis.	Healthy Fontana—Community Services Department working with other City departments	Short term and ongoing	Staff time	Prioritize improvements that address disadvantaged communities
	C. Report on city-wide health conditions to City Council on an annual basis.	Healthy Fontana—Community Services Department	Short term and ongoing	Staff time	Reduce unique or compounded health risks
	D. Train key staff on the social determinants of health and HiAP (Health in All Policies).	Healthy Fontana—Community Services Department	Short term	Staff time	Reduce unique or compounded health risks
	E. Engage and collaborate with community members and public agencies in the development and implementation of plans and projects that promote health.	Healthy Fontana—Community Services Department	Short term and ongoing	Staff time; seek grants	Promote civil engagement

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
	F. Work with community partners to develop funding announcements, cooperative agreements, and contracts that include health criteria; coordinate investments; and review and score funding applications that weight the inclusion of health objectives.	Healthy Fontana— Community Services Department	Short term and ongoing	Staff time	Promote civil engagement
	G. Create new and foster existing health-related partnerships and collaborations with community groups and other public agencies to implement the Health and Wellness Element and pursue other healthy communities programs.	Healthy Fontana— Community Services Department	Short term and ongoing	Staff time; seek grants	Promote civil engagement
	H. Enhance the health and well-being of City employees through workplace wellness programs and policies to increase employee productivity, improve morale, decrease incidence of accidents and injuries and decrease medical costs.	Healthy Fontana— Community Services Department with Human Resources	Short term and ongoing	Staff time	
	I. Continue to identify and pursue funding streams that support improved community health outcomes.	Healthy Fontana— Community Services Department	Short term and ongoing	Staff time	Reduce unique and compounded health risks
	J. Continue to identify and pursue funding opportunities, working with community partners that support improved community health outcomes.	Healthy Fontana— Community Services Department	Short term and ongoing	Staff time	Reduce unique and compounded health risks

Goal: The city of Fontana incorporates health considerations into the development-review process. (Chapter 6)

<ul style="list-style-type: none"> Support including Healthy Fontana development analysis in relevant development project reviews. 	A. Establish a Healthy Fontana Advisory Project Review process for substantive projects, such as large infrastructure projects, non-residential projects of at least 100,000 square feet, residential projects of at least 25 units, and mixed use projects of similar scale.	Planning Division; Healthy Fontana— Community Services Department; Planning Commission	Short term	Staff time	Equitable development and design
	B. Create Healthy Development Guidelines and a Checklist for reviewing new development.	Healthy Fontana— Community Services Department; Planning Division	Short term	Staff time	Reduce unique and compounded health risks

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: The average lifespan in Fontana is consistently within the top ten of all southern California cities. (Chapter 6)					
<ul style="list-style-type: none"> • Provide proactive city leadership in developing efforts to improve residents' health and extend their lifespans. • Support programs and strategies to reduce obesity and related diseases in Fontana. • Support local and regional initiatives to improve air quality in order to reduce asthma while actively discouraging development that may exacerbate asthma rates. • Support local and regional initiatives to improve air quality in order to reduce asthma while actively discouraging development that may exacerbate asthma rates. • Encourage programs to raise awareness of the dangers of alcohol and drug abuse. • Continue economic development efforts to develop a greater number and range of jobs in Fontana so as to reduce residents' need to commute out of the City. • Support a wide range of strategies and actions to increase residents' opportunities for physical activity. • Strongly encourage efforts to improve the safety of all roadway users, especially pedestrians and bicyclists. • Support initiatives that reduce inequity and social isolation of residents. 	A. Continue to develop a health indicators monitoring and reporting system to integrate health considerations into City decision making.	Healthy Fontana - Community Services Department	Short term	Staff time	Reduce unique or compounded health risks
	B. Continue to collaborate with San Bernardino County Public Health to develop a local health indicators monitoring and reporting program.	Healthy Fontana - Community Services Department	Short term	Staff time	Reduce unique or compounded health risks
	C. Establish a system to measure the impact of Healthy Fontana programs on residents' health through surveys and other means.	Healthy Fontana - Community Services Department	Short term	Staff time; foundation grants (Kaiser; Robert Wood Johnson, others)	Reduce unique or compounded health risks
	D. Promote lifelong healthy lifestyles through parks and amenities.	Community Services Department	Short term	Staff time	Promote physical activity
	E. Update the city's Parks Master Plan to reflect needed improvements to service in the community.	Planning Division; Community Services Department; Public Works Department	Short term	Staff time	Promote public facilities
	F. Create or update park design guidelines to improve existing parks and open space facilities and expand recreational programs as a means of improving the health of Fontana residents.	Community Services Department	Short term	Staff time	Promote public facilities
	G. Collaborate with the School District to design joint use facilities.	Planning Division; Economic Development	Medium term	Staff time	Promote public facilities
	H. Explore regulatory or financial incentives in the zoning code and development approval process to encourage the location of private/ non-profit recreation facilities (e.g., gyms, yoga or dance studios, martial arts, etc.)	Planning Division; Economic Development	Medium term	Staff time	Promote physical activity
	I. Adopt the Active Transportation Plan (ATP).	Engineering Department; Planning Division	Short term	Staff time	Promote physical activity

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Fontana has healthy and safe development patterns. (Chapter 6)					
<ul style="list-style-type: none"> Support the planning, regulatory, and funding initiatives needed to provide a healthy, safe city comprised of safe streets, safe public spaces, highly accessible parks, highly accessible healthy food, and a clean environment. 	A. Facilitate development patterns that enhance walking and biking access within a three-mile radius to neighborhood-serving retail, services, parks and recreation and amenities.	Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	B. Update the city Zoning Code and Subdivision Ordinance to prioritize neighborhood-serving retail, services, parks and recreation and amenities within three- mile neighborhood areas.	Planning Division; coordinate with Active Transportation Plan	Short term	Staff time	Promote physical activity
	C. Continue to evaluate and improve infrastructure around schools to ensure schools are highly connected to neighborhoods with safe access for pedestrians and bicyclists.	Engineering Department; Public Works Department	Short term and ongoing	Staff time; enterprise funds and general fund for improvements	Promote physical activity
	D. Develop a system of zoning, subdivision standards, roadway standards, and funding allocation that will lead to the development of a safe, walkable city.	Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	E. Update the city Zoning Code and Subdivision Ordinance to reflect walkable urban development patterns.	Planning Division; build on downtown zoning model	Short term	Staff time	Promote physical activity
	F. Adopt/use the National Association of City Transportation Officials (NACTO) Urban Streets guide to inform Complete Streets designs.	Engineering Department; coordinate with Planning Division	Short term	Staff time	Promote public facilities
	G. Revise roadway standards to incorporate Complete Streets principles into all of the City's roadway classifications, as feasible.	Engineering Department	Short term	Staff time	Promote public facilities
	H. Create funding allocation guidelines to prioritize capital funding towards the creation of Complete Streets and improved active transportation facilities.	Engineering Department; use Active Transportation Plan	Short term	Staff time	Promote public facilities
	I. Enhance existing streets of all types by adding shade structures or shade trees to improve the walking comfort of existing neighborhood streets.	Public Works Department; coordinate with Planning Division	Short term and ongoing	Staff time; general fund; possible "adopt a tree" programs	Promote physical activity
	J. Support pedestrian and bicyclist education, encouragement, and enforcement activities.	Engineering Department; Police Department	Short term and ongoing	Staff time; coordinate with Inland Empire Bicycle Alliance	Promote physical activity

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
	K. Develop traffic-calming policies such as clearly marked bike and pedestrian zones, bike boulevards, bulb outs, median islands, speed humps, traffic circles, speed tables, center island narrowings, raised crosswalks, blinking crosswalks, chicanes, chokers, raised intersections, realigned intersections, and textured pavements, among other effective enhancements.	Engineering Department; coordinate with Planning Division; use Active Transportation Plan	Short term and ongoing	Staff time	Promote public facilities
	L. Update the Zoning Code to encourage inclusion of health attributes at the sites of new commercial developments.	Planning Division	Short-term	Staff time	Promote physical activity
	M. Create a program to work with markets to promote healthier eating choices.	Healthy Fontana—Community Services Department	Short to medium term	Staff time; seek grant funding	Promote food access
	N. Update the Zoning and Development Code to encourage development of healthy food stores, both large-format and small-scale neighborhood stores.	Planning Division; Healthy Fontana—Community Services Department	Short to medium term	Staff time; seek grant funding	Promote food access
	O. Establish a Healthy Eating Menu Initiative that will set healthy menu criteria and standards and will encourage existing and new restaurants to add healthier menu options.	Healthy Fontana—Community Services Department	Short to medium term	Staff time; seek grants	Promote food access

Goal: Fontana is a city in which all residents' basic needs are met. (Chapter 6)

<ul style="list-style-type: none"> Encourage the development of a wide variety of housing sizes and types to meet the needs of residents through all life stages. Encourage programs that improve opportunities for educational attainment by Fontana's residents to help break the cycle of poverty. Ensure that new policies, services, and programs support and are responsive to community members who are most in need. 	B. Balance investment and physical improvements based on the geographic distribution of positive amenities and services as well as the concentration of incompatible land uses.	Planning Division; Housing Division		Staff time	Prioritize improvements that address disadvantaged communities
	C. Reduce disparities in life expectancy among different races/ ethnicities and income levels by working closely with the County to track trends and support targeted wellness programs.	Healthy Fontana—Community Services Department	Short term and ongoing	Staff time	Prioritize improvements that address disadvantaged communities
	F. Create a monitoring system to track the geographic disparities that occur across the City's neighborhoods and zip codes and utilize that information in decision making.	Healthy Fontana—Community Services Department	Medium term	Staff time	Prioritize improvements that address disadvantaged communities
	L. Create or support programs that offer job skills training to Fontana residents, ideally providing training for jobs in demand locally and that would pay a living wage.	Economic Development; San Bernardino County Workforce Development; Chaffey College	Short term and ongoing	Staff time	Prioritize improvements that address disadvantaged communities

Government Code Section 65302(h)(1)(B): Identify objectives and policies to promote civil engagement in the public decision making process.

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Regular review of implementation progress is part of the City's annual calendar. (Chapter 16)					
<ul style="list-style-type: none"> Establish public review of progress in implementing the General Plan. 	A. Review implementation progress in a joint annual public hearing before the Planning Commission and City Council.	Planning Division	Short term and ongoing	Staff time	Promote civil engagement
	B. Update the General Plan thoroughly at least every 15 to 20 years.	Planning Division	Short term and ongoing	Staff time	Promote civil engagement
Goal: The General Plan is incorporated in decision-making at multiple levels. (Chapter 16)					
<ul style="list-style-type: none"> Use the plan in preparing and approving other planning and implementation activities by City departments, decision-making bodies and agencies. 	A. Designate an experienced staff planner as the Long-Range Planner in the Planning Division to serve as the City's expert on the General Plan and coordinator of review and implementation.	Planning Division	Short term and ongoing	Staff time	Promote civil engagement
	B. Use the plan annually in preparing and approving departmental work plans, operational budgets, and capital improvement plans.	City Manager's Office	Short term and ongoing	Staff time	Promote civil engagement
	C. Require consistency with the General Plan in work plans, project proposals, and similar documents and activities.	City Manager's Office	Short term and ongoing	Staff time	Promote civil engagement
	D. Require a statement of consistency with the General Plan for capital projects.	City Manager's Office; Planning Division	Short term and ongoing	Staff time	Promote civil engagement
	E. Use the Plan in preparing and approving One-Year and Five-Year HUD Consolidated Plan documents, grant proposals, transportation planning documents, and similar documents.	Housing Division; Engineering Department	Short term and ongoing	Staff time	Promote civil engagement
	F. Develop a user-friendly system, such as a checklist or dashboard, for City departments, divisions, and agencies to use to compare proposals with the goals of the General Plan.	Planning Division; IT Department	Short term	Staff time	Promote civil engagement
	G. Identify General Plan-related actions on agendas of the City Council, the Planning Commission, and other relevant commissions	City Manager's Office; City Clerk; Planning Division	Short term and ongoing	Staff time	Promote civil engagement
	H. Publicize actions and activities that implement the General Plan.	Planning Division; Public Information Officer	Short term and ongoing	Staff time	Promote civil engagement
Goal: Enhance internal and external transparency about government activities and performance. (Chapter 16)					
<ul style="list-style-type: none"> Support e-government and digital open government systems. 	A. Create a performance measurement system and share the results with the public.	City Manager's Office; IT Department	Medium term	Staff time	Promote civil engagement
	B. Create an online information warehouse open to the public and enhance the E-government capacity of Fontana City government.	IT Department	Medium term	Staff time	Promote civil engagement

Government Code Section 65302(h)(1)(C): Identify objectives and policies that prioritize improvements and programs that address the needs of disadvantaged communities.

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
<p>Goal: The City of Fontana has a comprehensive and balanced transportation system with safety and multimodal accessibility the top priority of citywide transportation planning, as well as accommodating freight movement. (Chapter 9)</p>					
<ul style="list-style-type: none"> • Provide roadways that serve the needs of Fontana residents and commerce, and that facilitate safe and convenient access to transit, bicycle facilities, and walkways. • Apply the six “E’s” of the Safe Routes to School program to transportation planning and implementation— Encouragement, Education, Engineering, Enforcement, Evaluation, and Equity. • Make land use decisions that support walking, bicycling, and public transit use, in alignment with the 2014-2040 Regional Transportation Plan and Sustainable Communities Strategy. • Monitor the development of autonomous vehicle systems and potential benefits and impacts on Fontana. 	<p>A. Establish and implement an integrated program of transportation management and intelligent transportation systems to maximize the efficiency of the existing street system and provide travel options to single-occupancy vehicles.</p>	Engineering Department	Short term and ongoing	Staff time	Promote public facilities
	<p>B. Make multimodal transportation a high priority by promoting pedestrian access, bicycle use, and transit options within Fontana and to the surrounding communities.</p>	Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote public facilities
	<p>C. Integrate Complete Streets principles into street design guidelines, standards, and other construction guides to create a safe, comfortable, and efficient transportation system that is sensitive to the context of the area it serves.</p>	Planning Division; Engineering Department	Short term	Staff time	Promote public facilities
	<p>D. Use Multimodal Level of Service as a measurement in the rating of the performance of streets.</p>	Engineering Department	Short term	Staff time	Equitable development and design
	<p>E. Maximize available roadway capacity through technologies such as connected vehicle communication systems that link vehicles, the infrastructure, and personal communication devices.</p>	Engineering Department	Medium to long term	Staff time; incorporate into design and constructions contracts	Equitable development and design
	<p>F. Support continued development and improvement of the Fontana Metrolink Station as an important transportation node for the City and access to regional destinations and employment centers.</p>	City Council; City Manager's Office; Planning Division; Downtown Manager; Metrolink	Short term and ongoing	Staff time	Promote public facilities
	<p>G. Support car sharing services and the use of ride-hailing apps to reduce the need for households to own multiple vehicles.</p>	City Council; City Manager's Office; Planning Division	Short term and ongoing	Staff time	Equitable development and design
	<p>H. Encourage the provision of amenities such as seating, lighting, and signage (including real-time arrival information) at bus stops, shuttle stops and the Metrolink station to increase rider comfort, safety, and convenience.</p>	City Council; City Manager's Office; Engineering Department; Planning Division; Omnitrans; Metrolink	Short term and ongoing	Staff time	Promote public facilities

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
	I. Collaborate with employers, the school districts, Omnitrans and other agencies to develop and expand programs to reduce dependence on single-passenger auto use and develop shared shuttle services, or provide transit passes, or partner with Omnitrans to provide service to employment areas with multi-modal transit stations.	City Manager's office; Engineering Department; transit agencies; schools and employers	Medium term and ongoing	Staff time	Promote public facilities
	J. Continue to designate and enforce truck routes to provide freight access while mitigating air pollution impacts on neighborhoods.	City Council; City Manager's Office; Engineering Department; Police Department; Planning Division	Short term and ongoing	Staff time	Promote public facilities
	K. Continue to support freight railroad access to serve Fontana industry.	City Council; City Manager's Office	Short term and ongoing	Staff time	Promote public facilities
	L. Make land use decisions that support walking, bicycling, and public transit use.	Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	M. Encourage and require, where feasible, new private developments to dedicate easements and provide improvements for bicycle and pedestrian paths.	Planning Division	Short term and ongoing	Staff time	Promote physical activity
	N. Encourage walkable, compact, higher-density, mixed-use development in downtown and on Livable Corridor areas through land use and zoning adjacent to and within walking distance of the Metrolink Station and the planned bus stops on Sierra Avenue, Foothill Boulevard, and sections of Valley Boulevard.	Planning Division	Short term	Staff time; build on new Downtown Area Plan zoning	Reduce impacts of climate change
	O. Explore the potential for multi-way boulevard segments along Livable Corridors.	Planning Division	Short to medium term	Staff time; possible consultant	Equitable development and design
	P. Encourage retrofits of connections internally and externally in established, master-planned neighborhoods to encourage safe walking, biking, and connections to neighborhood and city destinations.	Engineering Department; Active Transportation Plan; Planning Division	Medium to long term	Staff time; retrofit funding	Equitable development and design
	Q. Ensure that new development proposals include pedestrian and bicyclist connections within and between developments as an integral component of the site design, which may include seating, shading, lighting, directional signage, accessibility, bicycle parking and convenience.	Planning Division	Short term and ongoing	Staff time; development agreements	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
	R. Complete the Active Transportation Plan to guide the implementation of Complete Streets practices that improve transportation options for everyone—especially those who walk, bike and take transit.	Engineering Department	Short term	Staff time	Equitable development and design
	S. Include options in the Active Transportation Plan for non-work trips that connect neighborhoods to schools, parks, civic destinations, shopping, and entertainment.	Engineering Department	Short term	Staff time	Promote physical activity
	T. Maintain and enhance the existing trails such as Pacific Electric Trail and develop new trails.	Public Works Department; Engineering Department	Short term and ongoing	Staff time; seek grant funding for new trails	Promote physical activity
	U. Implement the San Sevaire Trail Master Plan through design and construction.	Engineering Department	Medium to long term	Staff time; seek grant funding	Promote physical activity
	V. Create an “Eastside Trail” Master Plan as a north-south designated pedestrian and bicycle route in the eastern part of the city that connects with the Pacific Electric Trail.	Engineering Department; use Active Transportation Plan	Medium to long term	Staff time; seek grant funding	Promote physical activity
	W. For existing walled subdivisions, support community efforts to enhance pedestrian and bicycle access to connect these neighborhoods to transit and services through public education and by facilitating retrofitted improvements.	Engineering Department; Planning Division	Medium to long term	Staff time	Equitable development and design
	X. Add attractive, secure bicycle parking at both public and private facilities.	Planning Division; Engineering Department	Short term and ongoing	Staff time; development agreements; capital funds	Promote physical activity
	Y. Maintain bicycle and pedestrian infrastructure at high levels to encourage use.	Public Works Department	Short term and ongoing	Staff time	Promote physical activity
	Z. Improve amenities such as seating, lighting, secure bicycle parking, street trees, and interpretive stations along public bicycle and pedestrian paths and in City parks to encourage walking and cycling and enhance the perception of safety.	Engineering Department; Community Services Department; Public Works Department	Short term and ongoing	Staff time and seek grants and development agreements for improved amenities	Equitable development and design
	AA. Cooperate with surrounding communities and other agencies to establish and maintain multi-jurisdictional bicycle facilities, pedestrian paths and multi-use trails using creek, utility, railroad rights-of-way and green spaces.	Engineering Department; Public Works Department	Short term and ongoing	Staff time	Equitable development and design
	BB. Monitor the development of autonomous vehicles (cars, trucks, shared vehicles) and potential impacts on Fontana.	Planning Division; Engineering Department; Economic Development Department	Short term and ongoing	Staff time	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Fontana's street network is safe and accessible to all users, especially the most vulnerable, such as children, youth, older adults and people with disabilities. (Chapter 9)					
<ul style="list-style-type: none"> Design roadway space for all users, including motor vehicles, buses, bicyclists, mobility devices (such as senior scooters) and pedestrians, as feasible and appropriate for the context of the area. Support designated truck routes that avoid negative impacts on residential and commercial areas while accommodating the efficient movement of trucks on designated truck routes and arterial streets. 	A. Avoid major increases in street capacity beyond existing programmed projects unless necessary to remedy severe traffic congestion or critical neighborhood traffic problems.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	B. Design streets, intersections, and parking areas with safety and all users in mind.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	C. Maintain acceptable levels of service for transit vehicles, bicyclists, and pedestrians on roads in Fontana.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	D. Prioritize pedestrian, bicycle, automobile safety and transit accessibility over vehicle level of service at intersections.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	E. Continue to work with Metrolink to increase safety at train crossings, including improving gate technology, grade separation, and signal coordination.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	F. Work with Metrolink and local bus service providers to identify opportunities to enhance bicycle and pedestrian accessibility to stations.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	G. Vigorously and consistently enforce speed limits and other traffic laws.	Police Department	Short term and ongoing	Staff time	
	H. Continue to give high priority to safe school travel routes and the safety and comfort of school children through Safe Routes to Schools projects and in-street modification projects that affect school travel routes.	Engineering Department; Planning Division	Short term and ongoing	Staff time; Safe Routes to Schools and city funding	Equitable development and design
	I. Identify and address the needs of people with disabilities and meet or exceed the requirements of the Americans with Disabilities Act (ADA) during the planning and implementation of transportation and parking improvement projects.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	J. Provide bicycle facilities and sidewalks on new roads when feasible and in a manner consistent with the context and needs of the area.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	K. Ensure that additional through lanes are not installed at the expense of bicycle lanes, sidewalks, or landscaping.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	L. Design intersections to minimize conflicts between motorized vehicles and the more vulnerable roadway users, such as pedestrians and bicyclists.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	M. Consider pedestrians and bicyclists when designing road surfaces, curbs, crossings, signage, landscaping, signals, and sight lines.	Engineering Department	Short term and ongoing	Staff time	Promote physical activity

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
	N. In new commercial development, provide for direct, clearly delineated, and preferably landscaped pedestrian walkways from transit stops and parking areas to building entries, and avoid placement of uses (such as drive-through facilities) in locations that would obstruct pedestrian pathways.	Planning Division	Short term and ongoing	Staff time	Equitable development and design

Goal: Local transit within Fontana represents a viable choice for residents, is easily accessible and serves destinations throughout the city. (Chapter 9)

	J. Implement consistent design standards for transit shelters, benches, lighting, bicycle parking and other improvements for transit stops that are aesthetically pleasing and consistent with community character.	Planning Division; Omnitrans;	Short term	Staff time	Equitable development and design
	K. Enhance way-finding signage along walkways to direct pedestrians to transit stops.	Planning Division; Public Works Department	Short to medium term	Staff time; Capital Improvement Fund	Equitable development and design
	M. Support continued development and improvement of the Fontana Metrolink Station as an important transportation node for the City and access to regional destinations, and employment centers.	City Manager's Office; Metrolink	Short term and ongoing	Staff time	Reduce impacts of climate change
	N. Create a Bus Stop Master Plan to include bus shelters and other amenities and improvements for accessing and using bus stops.	Public Works Department	Short term	Staff time	Reduce impacts of climate change
	O. Explore the establishment of Quiet Zones to reduce train-horn noise at railroad crossings.	Planning Division; Engineering Department	Medium term	Staff time	Reduce pollution exposure

Goal: Fontana's neighborhood streets maintain a residential character and support a range of transportation options. (Chapter 9)

<ul style="list-style-type: none"> Balance neighborhood traffic circulation needs with the goal of creating walkable and bike-friendly neighborhoods. Develop and implement Best Practice Street Design standards for new residential street development projects. 	A. Minimize noticeable increases in traffic from new development within existing residential neighborhoods through traffic mitigation measures	Engineering Department	Short term	Staff time	Reduce pollution exposure
	B. Implement traffic calming measures to slow traffic on local and collector streets in residential neighborhoods when supported by affected residents.	Engineering Department; Planning Division; Public Works Department	Short term and ongoing	Staff time	Reduce pollution exposure
	C. Where sidewalks are directly adjacent to curbs and no planting strip exists, explore ways to add planting pockets with street trees to increase shade and reduce the apparent width of wide streets.	Planning Division; Engineering Department; Public Works Department	Medium term	Staff time; integrate in design of street improvements	Equitable development and design
	D. To preserve connectivity, keep neighborhood streets open to all traffic movements unless there is a demonstrated safety or overwhelming cut-through traffic problem and there are no acceptable alternatives; or the street is a part of a designated bicycle boulevard.	Planning Division; Engineering Department	Short term and ongoing	Staff time	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Fontana's commercial and mixed-use areas include a multi-functional street network that ensures safe, comfortable, and efficient movement of people, goods, and services to support a high quality of life and economic vitality. (Chapter 9)					
<ul style="list-style-type: none"> • Provide a transportation network that is compatible with the needs of commerce and those who live, work, and shop in mixed-use areas. • Encourage mixed-use and commercial developments that support walking, bicycling, and public transit use while balancing the needs of motorized traffic to serve such developments. 	A. Maintain levels of service for passenger vehicles, transit vehicles, trucks, bicyclists, and pedestrians that are appropriate for the context of the area.	Engineering Department	Short term and ongoing	Staff time	Equitable development and design
	B. Maximize available roadway capacity through technologies such as connected vehicle communication systems that link vehicles, the infrastructure, and personal communication devices.	Engineering Department	Medium to Long term	Staff time; regional and state transportation funds	Equitable development and design
	C. Implement access management techniques in commercial and mixed use areas that allow for smooth traffic flow while creating a safe environment for non-motorized users.	Planning Division; Engineering Department	Short term and ongoing	Staff time; development agreements	Equitable development and design
	D. Optimize traffic flow through the use of coordinated and synchronized traffic signals.	Engineering Department	Short term and ongoing	General fund	Equitable development and design
	E. Integrate Complete Streets principles into street design guidelines for mixed-use and commercial areas.	Engineering Department; Planning Division	Short term and ongoing	Staff time	Equitable development and design
	F. Encourage existing development and require new mixed-use and commercial development to create pedestrian and bicyclist connections within and between developments as an integral component of the site design.	Planning Division; use Active Transportation Plan	Short term and ongoing	Staff time	Reduce impacts of climate change
	G. Widen sidewalks where intensive commercial, recreational, or institutional activity is present, sidewalks are congested, where sidewalks are less than adequately wide to provide appropriate pedestrian amenities, or where residential densities are high.	Planning Division; Engineering Department	Short term and ongoing	Staff time; Capital Improvement Fund; development agreements	Equitable development and design
	H. Require safe and convenient off street bicycle parking as part of the approval process for new mixed use development	Planning Division; Planning Commission	Short term and ongoing	Staff time; development agreements	Promote physical activity

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Fontana has modern, well-maintained public facilities that meet the needs of residents of all ages, businesses, and government. (Chapter 8)					
<ul style="list-style-type: none"> Support development of a City facilities master plan and use an asset-management system for all City property. Support initiatives to reduce energy costs in public facilities. Develop an "Aging in Fontana" plan to prepare to serve an increasing number of senior citizens. 	A. Develop a City facilities master plan and an asset-management system to plan for future needs.	City Manager's Office; Public Works Department	Short term	Staff time; full asset-management system	Promote safe and sanitary homes
	B. Identify needs for facility improvements, expansions, new facilities, potential decommissioning and cost-efficient improvements such as energy-efficiency as the city grows in population and complexity.	City Manager's Office; Public Works Department	Short term	Staff time	Promote safe and sanitary homes
	C. Use an asset-management system to manage repair and improvement schedules.	City Manager's Office	Short term	Staff time	Promote safe and sanitary homes
	D. Develop and showcase City facilities and buildings as models of resource-efficiency by establishing a set of policies for facility operations, maintenance, renovation and new construction.	City Manager's Office	Short term	Staff time	Reduce impacts of climate change
	E. Re-use existing buildings before building new, if possible, and use recycled and locally-sourced content in municipal construction where practical.	City Manager's Office; City Council; Public Works Department	Short term and ongoing	Staff time	Safe and sanitary homes
	F. Design municipal buildings to maximize energy-efficiency by attention to ventilation, windows, site orientation, use of trees on the south and west sides of buildings for shading, "green" roof construction where feasible, painting flat roofs white, and similar energy-efficient construction methods.	City Manager's Office; Planning Division; Public Works Department	Short term and ongoing	Staff time	Promote public facilities
	G. Establish a policy for using "universal design" criteria in the design of any new government buildings.	City Manager's office; City Council	Short term and ongoing	Staff time	Equitable development and design
	H. Develop facility and programming plans to support a growing senior population's needs.	Community Services	Short term and ongoing	Staff time	Promote safe and sanitary homes
	I. Create a holistic "Aging in Fontana" plan that includes attention to housing, transportation, services, activities, health care and other issues.	Planning Division; Community Services Department	Medium term	Staff time	Promote safe and sanitary homes
Goal: Each area of the city has sufficient, modern community centers to serve residents. (Chapter 8)					
<ul style="list-style-type: none"> Identify funding strategies to provide an equal level of service in community centers in the north, central, and southern parts of the city. 	A. Fund design and implementation of a community center in South Fontana.	Community Services Department; Public Works Department	Short term	Staff time; Park Development Fees	Promote public facilities
	B. Evaluate the need for additional community centers in the eastern part of the central city.	Community Services Department; Public Works Department	Short term	Staff time	Promote public facilities

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: New community centers, parks, and facilities are located in the context of multimodal networks for maximum accessibility. (Chapter 8)					
<ul style="list-style-type: none"> Support location of new facilities in coordination with mobility planning. 	A. Identify locations for new facilities that are consistent with the development of connectivity plans that provide multi-modal access to neighborhood residents.	Community Services Department; Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote physical activity
	B. Coordinate planning for new facilities with the active transportation networks under development.	Community Services Department; Planning Division; Engineering Department	Short term and ongoing	Staff time	Promote physical activity
Goal: All residences, businesses, and institutions have a dependable, environmentally-safe means to dispose of solid waste. (Chapter 10)					
<ul style="list-style-type: none"> Continue to use best practices for environmentally safe collection, transport and disposal of hazardous wastes. Continue to maximize landfill capacity by supporting recycling innovations, such as organic waste recycling for compost. 	A. Continue recycling and green programs.	City Manager's Office; Public Works Department	Short term and ongoing	Contract	Reduce pollution exposure
	B. Continue to work with San Bernardino County to minimize impacts from the landfill.	City Manager's Office; Public Works Department	Short term and ongoing	Contract	Reduce pollution exposure
	C. Explore establishing a public or private disposal station for RVs and trailers.	Public Works Department	Short term	Contract	Reduce pollution exposure
Goal: Up-to-date telecommunications technology is available to all developed areas in the city. (Chapter 10)					
<ul style="list-style-type: none"> Ensure that Fontana remains competitive as a place to live, work, and learn in terms of available telecommunications and other technology. 	A. Expand public Wi-Fi to districts where there is more compact development, such as downtown.	City Manager's Office; IT Department	Short term	Contract	Equitable development and design
	B. Explore whether installation of high-performance fiber or similar would give Fontana a competitive advantage in attracting employers with good jobs.	Economic Development Department; IT Department	Short term	General fund	Equitable development and design
Goal: Fontana uses the Envision rating system to evaluate infrastructure options and potential social, environmental and economic impacts. (Chapter 10)					
<ul style="list-style-type: none"> Support use of the Envision system to make Fontana projects as cost-effective and beneficial as possible. 	A. Develop a system for using Envision to evaluate projects from the beginning and as they progress, in order to maximize benefits.	Public Works Department; Engineering Department	Short term	Staff time	Equitable development and design
Goal: The city of Fontana consistently seeks reasonable rates from the city's drinking water providers. (Chapter 10)					
<ul style="list-style-type: none"> Support City negotiations to keep drinking water rates reasonable for residents and other users. 	A. Continue to advocate for reasonable drinking water rates.	City Council; City Manager's Office	Short term and ongoing	Staff time	Promote safe and sanitary homes

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: The City of Fontana protects its sensitive land uses from excessive noise through diligent planning through 2035. (Chapter 11)					
<ul style="list-style-type: none"> New sensitive land uses shall be prohibited in incompatible areas. Noise-tolerant land uses shall be guided into areas irrevocably committed to land uses that are noise-producing, such as transportation corridors. Where sensitive uses are to be placed along transportation routes, mitigation shall be provided to ensure compliance with state-mandated noise levels. Noise spillover or encroachment from commercial, industrial and educational land uses shall be minimized into adjoining residential neighborhoods or noise-sensitive uses. 	A. The following uses shall be considered noise-sensitive and discouraged in areas in excess of 65 dBA CNEL (Community Noise Equivalent Level): Residential Uses; Hospitals; Rest Homes; Long-Term Care Facilities; and Mental Care Facilities.	Planning Division	Short term and ongoing	Staff time	Equitable development and design
	B. The following uses shall be considered noise-sensitive and discouraged in areas in excess of 65 Leq(12) (Equivalent Continuous Sound Level): Schools; Libraries; Places of Worship; and Passive Recreation Uses.	Planning Division	Short term and ongoing	Staff time	Equitable development and design
	C. The State of California Office of Planning and Research General Plan Guidelines shall be followed with respect to acoustical study requirements.	Planning Division	Short term and ongoing	Staff time	Equitable development and design
Goal: The city of Fontana provides a diverse and efficiently-operated ground transportation system that generates the minimum feasible noise on its residents through 2035. (Chapter 11)					
<ul style="list-style-type: none"> All noise sections of the State Motor Vehicle Code shall be enforced. Roads shall be maintained such that the paving is in good condition and free of cracks, bumps, and potholes. Noise mitigation measures shall be included in the design of new roadway projects in the city. 	A. On-road trucking activities shall continue to be regulated in the city to ensure noise impacts are minimized, including the implementation of truck-routes based on traffic studies.	Engineering Department	Short term and ongoing	Staff time	Equitable development and design
	B. Development that generates increased traffic and subsequent increases in the ambient noise level adjacent to noise-sensitive land uses shall provide appropriate mitigation measures.	Planning Division	Short term and ongoing	Staff time; incorporate into development projects	Equitable development and design
	C. Noise mitigation practices shall be employed when designing all future streets and highways, and when improvements occur along existing highway segments.	Engineering Department	Short term and ongoing	Staff time	Equitable development and design
	D. Explore the use of "quiet pavement" materials for street improvements.	Engineering Department	Short term	Staff time	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Fontana's residents are protected from the negative effects of "spill-over" noise. (Chapter 11)					
<ul style="list-style-type: none"> Residential land uses and areas identified as noise-sensitive shall be protected from excessive noise from non-transportation sources, including industrial, commercial, and residential activities and equipment. 	A. Projects located in commercial areas shall not exceed stationary source noise standards at the property line of proximate residential or commercial uses.	Planning Division	Short term and ongoing	Staff time; incorporate into development projects	Reduce pollution exposure
	B. Industrial uses shall not exceed commercial or residential stationary source noise standards at the most proximate land uses.	Planning Division	Short term and ongoing	Staff time	Reduce pollution exposure
	C. Non-transportation noise shall be considered in land use planning decisions.	Planning Division	Short term and ongoing	Staff time	Promote safe and sanitary homes
	D. Construction shall be performed as quietly as feasible when performed in proximity to residential or other noise sensitive land uses.	Code Enforcement	Short term and ongoing	Staff time	Promote safe and sanitary homes
Goal: Fontana's industrial uses are concentrated in a few locations that have easy access to regional transportation routes. (Chapter 15)					
<ul style="list-style-type: none"> Avoid locating small areas of residential uses where they will be surrounded by intensive commercial or industrial uses. 	B. Direct new industrial development to SWIP in order to build out this area designated for industrial development.	Economic Development; Planning Division	Short term and ongoing	Staff time	Reduce unique or compounded health risks
Goal: Traditional and master-planned neighborhoods of single-family houses continue to thrive and attract family households. (Chapter 4)					
<ul style="list-style-type: none"> Continue to support existing traditional and master-planned neighborhoods with excellent City services. 	A. Provide safe walking and biking conditions within traditional neighborhoods and in connections to citywide pedestrian and bicycle routes.	Planning Division; Engineering Department	Medium term	General Fund; transportation grants	Equitable development and design
Goal: A diverse stock of quality housing serves Fontana residents across the range of incomes, household types, and age groups. (Chapter 4)					
<ul style="list-style-type: none"> Support a diversified housing stock that includes new options ranging from larger-lot single-family housing to "missing middle" housing types such as cottage developments, small-scale apartments and condos, and courtyard housing, as well as larger multifamily developments. 	C. Explore establishing a flexible first-time homebuyer-assistance program for central Fontana and Livable Corridors areas as funding opportunities arise.	Housing Division	Medium term, as feasible	As feasible	Prioritize improvements that address disadvantaged communities
	D. Expand credit-repair programs as funding opportunities arise.	Housing Division	Medium term, as feasible	As feasible	Prioritize improvements that address disadvantaged communities

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Promote a diversified economy that builds on existing business sectors and develops, attracts and retains future job-creating sectors. (Chapter 13)					
<ul style="list-style-type: none"> Support resources for the City's economic development department to develop and implement strategies to attract and grow businesses that provide tax revenue and opportunities for diversified and high-paying jobs for Fontana residents. Support initiatives for entrepreneurship in potential growth sectors. Leverage the resources of organizations such as the San Bernardino County Economic Development Agency and the Workforce Investment Board to help Fontana businesses promote in-city jobs and help residents find local job opportunities. 	A. Establish a balance of industrial and manufacturing development along with services, especially in sectors with living-wage jobs.	Economic Development Department	Short term and ongoing	Staff time	Equitable development and design
	B. Create and implement a work plan for the City's Economic Development Department to focus on retention and attraction of businesses in existing and emerging sectors, with attention to the potential creation of diverse and high-paying jobs for Fontana residents.	City Manager's Office; Economic Development Department	Short term and ongoing	Staff time	Equitable development and design
	C. Identify existing industries/businesses that the city would like to locate in the city and actively seek them to locate in Fontana.	Economic Development Department	Short term	Staff time	Equitable development and design
	D. Research potential emerging sectors and identify target sectors for Fontana.	Economic Development Department	Short term	Staff time	Equitable development and design
	E. Create a business-attraction strategy with incentives (such as expedited plan check) to encourage new retailers and restaurants to locate in the Downtown Area Plan district and other districts targeted for mixed-use development.	Economic Development Department; Downtown Manager	Medium term	Staff time	Equitable development and design
	F. Assist in publicizing job openings within Fontana to Fontana residents.	Economic Development Department	Short term	Staff time	Equitable development and design
	G. Collaborate with major employers and regional agencies and groups to host a Fontana Jobs Fair on a regular schedule that showcases in-city job opportunities and seeks to employ Fontana residents.	Economic Development Department	Medium term	Staff time	Equitable development and design
	H. Consider expediting infrastructure improvements at the Southwest Industrial Park (SWIP) to attract a diversified light industrial base that includes manufacturing and research and development as well as logistics firms, and at other Fontana locations targeted for certain business types.	Economic Development	Medium term	General fund; potential Enhanced Infrastructure Financing District	Equitable development and design
	I. Explore creating or partnering with others to support a business incubator, co-working space, or business accelerator program that provides low-cost facilities, services, mentorship, marketing and technology support and other assistance to attract new businesses and start-up companies to the city.	Economic Development Department; Downtown Manager; Chaffey College; Cal State San Bernardino;	Medium term	Staff time	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: Support education and workforce development programs in Fontana to foster educational achievement and skill development that prepares students and workers for the higher-paying jobs of the future. (Chapter 13)					
<ul style="list-style-type: none"> • Make school completion and educational achievement a high civic priority with broad community support. • Promote educational programs that provide the skills and training necessary to fill jobs for Fontana employers. • Encourage youth to develop entrepreneurial talents. • Balance responding to immediate employer demand with the need to plan for longer-term changes in the labor market. 	A. Encourage expansion of existing and new educational institutions in Fontana.	City Council; City Manager's office	Short term and ongoing	Staff time	Equitable development and design
	B. Support and promote education-business partnerships and alliances.	Economic Development Department	Short term and ongoing	Staff time	Equitable development and design
	C. Collaborate with regional education-business organizations to advance Fontana's ability to attract desired businesses.	City Council; Economic Development Department; Alliance for Education	Short term and ongoing	Staff time	Equitable development and design
	D. Provide a range of age-appropriate career exploration and experience opportunities for children beginning at the elementary level.	School Districts; Chaffey College; regional employers	Short term and ongoing	School and business funding	Equitable development and design
	E. Consider scheduling an annual City Council session with representatives of the school districts, the community college, and other local and regional education groups to communicate about goals, strategies, and activities related to workforce readiness.	City Council; City Manager's Office; school districts and institutions	Short term and ongoing	Staff time	Equitable development and design
Goal: Plan Fontana as a "complete community" with a balance of diverse neighborhoods, amenities, services, and infrastructure that supports a qualified workforce and attracts business. (Chapter 13)					
<ul style="list-style-type: none"> • Strengthen community institutions and development patterns that provide a high quality of life and that correspond to the values of the millennial generation—the majority of workers starting in 2016. • Ensure that essential support services, such as child care, enable workers to seek and maintain employment. • Seek partnerships with other governmental agencies to provide planning and funding resources to build infrastructure necessary to support new development. 	A. Refine zoning to encourage mixed-use development where appropriate and create standards and procedures to implement connectivity improvements in new development areas.	Planning Division	Short term	Staff time	Reduce impacts of climate change
	B. Establish mixed-use zoning at key intersections, adjacent and new proposed bus stops, and along designated corridor segments.	Planning Division	Short term	Staff time	Reduce impacts of climate change
	C. Provide a balance of affordable and market-rate housing options for all stages of life.	Housing Division; Planning Division	Short term and ongoing	Staff time	Equitable development and design
	D. Explore the applicability of financing mechanisms such as enhanced infrastructure financing districts (EIFDs), community facilities districts (CFDs) and development opportunity reserves (DORs) to provide infrastructure financing necessary to support new development.	City Manager's Office; Planning Division; Economic Development Department	Short term and ongoing	Staff time	Equitable development and design

GOALS & POLICIES	ACTION	WHO?	WHEN?	RESOURCES?	EJ GOAL
Goal: All Fontana residents live within walking or biking distance of a public park, and there are sufficient public parks to serve all areas of the city. (Chapter 7)					
<ul style="list-style-type: none"> Establish park access by walking and biking as a criterion for locating parks and for design of active transportation networks. Pursue park development where parkland is insufficient. 	A. While continuing to use a minimum standard of 5 acres of park land per 1,000 persons, seek to exceed the minimum by increasing park opportunities in underserved areas.	Community Services Department	Medium term	Staff time	Prioritize improvements that address disadvantaged communities
	C. Identify opportunities for new or improved parks north of the I-10 Freeway, especially in the central part of the city.	Planning Division; Community Services Department	Short to medium term	Staff time	Promote public facilities
	E. Implement the plan for a sports complex in the southern part of the city to provide recreational opportunities to residents there.	Community Services Department	Short term	Staff time and Park Development Fees	Promote public facilities
	F. Identify existing park access by public routes and develop a plan to provide park access for pedestrians and bicyclists in existing neighborhoods where access is limited except by car.	Community Services Department; Engineering Department	Medium term	Staff time; Active Transportation Plan	Equitable development and design
	G. Identify barriers to access to parks, which may include gaps in the street network (such as cul-de-sacs), missing sidewalks, gaps in the sidewalk network, walls and fences, or high-traffic streets without safe crossings.	Engineering Department; Planning Division; use Active Transportation Plan	Short term	Staff time; Active Transportation Plan	Prioritize improvements that address disadvantaged communities
