

CAMP SOUTHRIDGE

Welcome to Camp Southridge!

The City of Fontana and the Don Day Neighborhood Center welcome you to Camp Southridge 2019. We are excited to host a fun-filled summer of exciting outdoor adventures, crafts and activities for your camper! This summer, campers will make new friends and new memories while exploring a variety of exciting games, innovative arts & crafts, outdoor games and wacky science experiments. Each week hosts a new activity theme and dress up day for campers to look forward to.

Camp Southridge helps participants stay cool with weekly visits to the Don Day Neighborhood Center pool. Campers will visit the pool on Tuesday and Thursday afternoons. All campers will have their swim levels assessed by aquatics staff and will wear a corresponding wristband to indicate which areas of the pool each camper will be allowed to access. Please send campers prepared for swim days with proper swim attire under their clothing, as well as a change of clothes packed for after swim time.

Each morning, staff will greet parents and begin signing campers in at 9:00 am. All campers must be accompanied by a parent or guardian and signed in each day. The camp day concludes at 5:00 pm. All campers must be signed out by an authorized parent or guardian, as listed on the camper's registration packet. Proper photo identification is required each day at the time of pick up. A late fee of \$1 per minute per child will be charged for campers picked up after 5:00 pm.

Camp Southridge invites campers to various activities including arts and crafts, games, outside sports and activities, science experiments, water play and more. In order to keep campers cool and ensure their safety, we ask that campers are in play clothes and closed toe shoes each day. Open toe shoes will only be allowed during swim time on Tuesday and Thursday afternoons.

Campers will be provided with a daily lunch and an afternoon snack provided by the Fontana Unified School District Summer Food program. Campers are welcome to bring their own lunch or snack should they wish to do so. Additionally, it is encouraged that you provide your camper with a daily morning snack and refillable water bottle as it is warm during the summer months.

Camp Southridge looks forward to unlocking a summer of fun with your campers. Fontana residents can save some time, skip the line and register online beginning Saturday, April 6, 2019. Registration will also be accepted at any of the Fontana community centers beginning Saturday, May 4, 2019 for Fontana residents and Saturday, May 11, 2019 for non-residents. Please note that in order to complete registration, your camper must be enrolled (in person or online) and have a completed registration packet turned into the Don Day Neighborhood Center prior to their first day of camp. Campers registered online are required to pay a \$3.00 processing fee when submitting the registration packet. Registration is taken on a first come, first served basis and spots will fill quickly.

We look forward to a fun filled summer!
