

Romero Britto

Block Print

Education Summary

Romero Britto is a Brazilian artist born on October 6, 1963. He is a painter, screen printer, and sculptor. His artwork often combines elements of cubism, pop art and graffiti painting and also uses vibrant colors and bold patterns as a way to express visually hope and happiness.

Activity Summary

Just as the Pop Artist, Romero Britto, created pop designs, students will also create pop designs based on their favorite animal. Students will create block prints, using markers, to create stylized, Romero Britto Designs.

Objectives

After completing this lesson, students will be able to do the following:

- Students will learn the importance of blocking colors which is the use of sectioning out block of color.
- The importance of patterns and cold lines

Materials

- Paper
- Markers
- Examples of patterned designs

Romero Britto– Step-By-Step

- 1.) Have your child decide what animal they would like to draw.
 - 2.) Once decided what animal will be drawn. Be sure the draw only the outline of the animal.
 - 3.) When the outline is finished. Section out the spaces in the outline of the character.
 - 4.) In each out line create a different pattern or design in the section.
- TIP:** Be sure to add detail
- 5.) The animals should be filled with different sections of patterns!
 - 6.) Outline your masterpiece.
